Southern University Rebellion Subsides At Teacher's Death

Dixie Bloc Setback By Senate Move

Agree To Let Federal Judges Decide Hearings

WASHINGTON (UPI)—The Senate, tempers ablaze, completed action on the refree section of its civil rights bill Friday by voting to let federal judges decide the time and place of hearings on Negro voting complaints.

The compromise, which had administration backing, was approved by a roll call vote of 69 to 22. The action was a setback for Southerners who wanted to require the federal referees to hold open hearings and allow local voting registrars and their attorneys to appear.

But Northerners trying to strengthen the House - approved rights measure also were turned back in response to leadership warnings against "loading down" the bill with further amendments.

DEFEAT

The liberal defeat came when the Senate killed 48 to 38 an amendment to give permanent status to the President's Commission on Non-Discrimination in Government Contracts, now headed by Vice President Richard M. Nixon.

Republican Leader Everett M. Dirksen of Illinois, an original sponsor of the non-discrimination committee amendment, personally made the tabling motion on grounds its inclusion would threaten final passage of the bill after it is returned to the House.

Dirksen, in the process, got into a tiff with Sen. Jacob K. Javits (R-N.Y.), who withdrew as co-sponsor of the amendment. The GOP leader also engaged in a shouting dispute with Sen. Joseph S. Clark (D-Pa.) who said the

Country Bolts Past New Mark In Outer Space

WASHINGTON (AP) — The United States bolted past a new spacemark Friday by firing the first known weather eye satellite into orbit. It photographed the earth and its cloud cover from 450 miles up and televised back the images.

A triumphant space agency, rushed the pictures to President Eisenhower, who exclaimed: "I think it's a marvelous development."

Dr. T. Keith Glennan, chief of the National Aeronautics and Space Administration, brought Eisenhower a four-picture sequence showing an 800-mile-square area comprising the Gulf of St. Lawrence. The curvature of the earth was clearly discernible.

Glennan said the pictures were taken when the satellite, named Tiros I, was above a point several miles east of the Atlantic Coast. He said they were made at intervals of about 35 seconds.

SEQUENCE

The sequence was photographed about noon, on the satellite's third orbital swing around the earth and about 5½-hours after it was launched from Cape Canaveral, Fla.

At about the time Glennan was at the White House, the space agency made public pictures showing a cloud mass over a huge area of the northeastern United States and Canada.

NASA said this sequence was taken on Tiros' second pass, about 10:15 a.m.

The White House unveiling and the space agency announcement confirmed earlier indications that Tiros' two cameras had perform-

Test Sphere Is Launched Successfully

Forerunner Of One Planned Later This Year

WASHINGTON (AP) — The space agency Friday night launched a 100 - foot inflatable sphere visible for hundreds of miles.

The launching, at 6:55 p.m. Eastern Standard Time from Wallops Island, Va., was successful, as were three earlier launchings in a series aimed at developing a communications relay system.

The launching rocket left a long vapor trail as it climbed upward from the launching site about 130 miles east of here.

Thirty seconds after the vapor trail ended, the sphere opened. It had the appearance of a large yellow star more than 200 miles above the earth.

VISIBLE

The light remained visible for about 10 minutes before slowly descending. The 100-foot - diameter sphere, made of plastic coated with aluminum, was designed to fall into the Atlantic about 500 miles off the coast.

The test sphere is a forerunner of a 100-foot, balloon-type satellite which the National Aeronautics and Space Administration plans to place in orbit around the earth later this year.

The satellite will be used as a passive communications vehicle, against which radio and television signals from the earth can be bounced for relay from one coast to the other.

The sphere was launched in a two-stage rocket 32½-feet high, weighing 5½ tons at takeoff.

The sphere, weighing 130 pounds was folded into a round magnesium container, 26½ inches in diameter, and was inflated far above the earth, where the sun's rays illuminated it.

From the darkened earth, the artificial star was visible north beyond New York and south into the Carolinas.

NASA said the sphere rose to an altitude of about 200 miles — some 25 miles less than a similar sphere launched Feb. 27 — and traveled about 570 miles east across the Atlantic, 30 miles farther than the Feb. 27 test vehicle.

School Head Says Will Call Jackson

BATON ROUGE, La., (UPI) — The rebellion of 3,000 shouting students at all-Negro Southern University subsided Friday when school officials blamed the death of a professor upon their demonstrations.

The vice president of the student council told the stunned students that "J. W. Lee has just died as a result of this demonstration."

Charles Anderson said that university officials had told him that J. Warren Lee, head of the biology department, died moments earlier. The officials attributed his death to the students' two-day rebellion against school authorities.

SILENCE

The students lapsed into a silence so deep that the click of a camera shutter could be heard yards away. They sank to the lawn in front of the university's guest house.

Anderson gave them the news of the professor's death moments after the students, already starting to quiet down, were let out of a locked auditorium where university President Dr. Felton G. Clark tried to talk them out of quitting the school.

Relatives said Lee, 50, was stricken Friday morning on the campus and was taken home. Shortly thereafter he was rushed to a hospital where he died, reportedly of a heart attack.

The students sat silently on the lawn for more than an hour after the news of Lee's death. They refused to talk about what Dr. Clark told them in the meeting.

The students staged the rebellion after 18 students were expelled or suspended for leading lunch counter sitdown protests and a march on the state capitol. Nine of them are still in jail.

Dr. Clark met with the other

U.S. Makes Proposal On Nuclear Test

Resumption Of Shots By Some Suggested

GENEVA (AP) — The United States proposed Friday that the first three members of the atomic club resume joint nuclear testing on a limited scale to speed solution of the elusive problem of how to detect underground shots.

The suggestion was made in the nuclear test suspension conference only a few hours after France fired off her second atomic device. It was advanced with British backing as part of the Camp David arrangement worked out earlier this week by President Eisenhower and Prime Minister Harold Macmillan.

The whole Camp David program aims at wrapping up loose ends of the testing problem and achieving prompt conclusion of a treaty banning all detectable atomic and hydrogen weapon explosions and those regarded as hazards to the health of present and future generations.

NOT PARTICIPATING

France is not participating in the Geneva treaty negotiations and has refused to be bound by decisions taken by the three older members of the atomic club—the United States, Britain and the Soviet Union.

Soviet delegate Semyon Tsarapkin asked nine questions about the Camp David program. He expressed particular interest in what the Americans and British had in mind regarding resumption

District Man Loses Life In Gun Accident

QUITMAN (Special) — A 58 - year - old Quitman man was killed when he accidentally discharged a revolver he was cleaning Friday, Jackson Parish coroner Dr. Ernest E. Bloom said.

Bloom said Shug Womack was struck in the heart by a bullet as he sat cleaning the gun in a truck on the grounds of the Advance Golf and Country Club here where he had been custodian for the past 15 years.

Time of the accident was set at 10:45 a.m.

Bloom noted that the gun, oil can and a rag were lying on the seat of the vehicle.

SERVICES

Funeral services will be held at Sweetwater Church near here, pending arrival of a daughter from Texas. Arrangements are under direction of Southern Funeral Home of Jonesboro.

He was a member of the Independant Order of Oddfellows, Jonesboro, and a resident of Quitman for many years.

Survivors are his widow, Mrs. Lurie McMillan Womack, Quitman; three sons, Marlin and Bill, both of Hodge, and Sonny of Quitman; two daughters, Mrs. Mack Turnbow, Quitman; Mrs. James H. Stewart, Odessa, Tex. eight brothers, John, Oak Grove; Gilbert, Hodge; Lige, Claude and Lanis, all of Jonesboro; Horace, Tullos and Andrew, Shreveport; two sisters, Mrs. L. L. Hunter, Jonesboro; Mrs. Ralph Alford, Monroe, and 13 grandchildren.

The body will lie in state at the family home until time for services.

Caddo Parish Forest Fire Under Control

BATON ROUGE (AP)—A forest fire was brought under control Friday night after burning 3,500 to 4,000 acres in Caddo Parish.

The blaze, located between Blanchard and Mooring sport, broke out in a trash pile about 10:30 a.m. Thursday.

All other fires in the state were reported under control.

One fire burned between 1,000 and 1,500 acres in the Plain Dealing area. The flames burned one house. Several other houses were evacuated because of smoke.

Bienville, Bossier and Webster Parishes also reported fires during the day.

Thirteen fires destroyed 196 acres in northeast and southwest Louisiana. Rain in the area reduced the fire danger, the commission reported.

TENTATIVELY

Health Unit Site Is Recommended

The Ouachita Parish Health Unit committee yesterday tentatively recommended a 97,500 square foot site on DeSiard Street, two blocks from the Louisville intersection, for the new Health Unit building.

The recommendation will go to the Police Jury on April 13, "if the committee is able to obtain the site for a more favorable price than now offered," members stressed.

Any action taken will be up to the Jury.

The meeting was sparked by a letter from the State Hospital Board in Baton Rouge, which listed eight proposed sites in Monroe as "acceptable," turned down a West Monroe location, and urged the Parish to look for cheaper sites.

NOT REVEALED

No prices were revealed on any of the eight sites considered at a 40 - minute session yesterday afternoon in the Police Jury office.

M. W. Montgomery, police jury president, was chairman of the group, which included Dr. W. Carroll Summer, health unit director, Roy Johns, architect for the proposed unit, L. B. Pettit, ward three police juror, and O. B. Willis, State Board of Health representative from Monroe.

The site under consideration fronts 325 feet on DeSiard Street, and runs 300 feet deep, providing sufficient space for a building,

Official Totals On State Count 3 Months Away

WASHINGTON (Special) — The 1960 census is underway, but it will be at least three months before Louisianans learn how much their state has grown since 1950.

Even with 170,000 workers, four giant electronic brains and $118 million to spend throughout the nation, it will be mid-July before the first state totals begin to emerge from the Census Bureau's calculators at Suitland, Md.

It will be another three months before the Bureau completes all corrections in the raw figures and produces its official, guaranteed total of the Pelican State's population.

BASIS

This official tabulation will be the basis for determining whether Louisiana retains its eight seats in the House of Representatives. It will also be used to help determine Louisiana's share of a

Thousands Homeless In Storm Area

By United Press International

A vicious spring storm hurled heavy snows and rains Friday at floodswept Midwest states where the total of homeless rose to 14,000.

Snows driven by near gale-force winds of up to 50 miles per hour lashed Nebraska. They crippled air and ground efforts to bring flood refugees to safety and food to thousands of head of starving livestock.

Up to an inch and a half of rain, combined with snows already a foot deep in some areas, were expected to start fresh flood crests rolling down the prairie belt's ice-gorged streams.

INTENSE

The storm was so intense that television cameras on a satellite put into orbit from Cape Canaveral early Friday picked up the picture of a great storm system swirling over the Middle West.

The snows mounted to a foot deep at Bonesteel, S.D., and to 10 inches at Winner, S.D. Heavy snow warnings went out across central and east South Dakota, east North Dakota, northwest Minnesota, and north central Nebraska.

In Nebraska, where floods had already driven close to 5,000 persons from their dwellings, the mounting storm slowed rescue convoys along the main highways and grounded helicopters and cargo planes assigned to get food to marooned livestock.

State disaster headquarters asked and obtained two C - 11 "flying boxcars" from the Olathe, Kan., Air Force base to drop hay to stranded livestock. But the huge cargo craft were grounded by the snows at Lincoln. Helicopters ordered to look for farm families in urgent need of rescue likewise failed to get off the ground.

United Press International correspondent Charles Weiser reported from the flood center of Fremont, Neb., that refugee farm

U.S. Endorses Plan Urging African Peace

UNITED NATIONS, N. Y. (AP) —The United States Friday endorsed a Security Council resolution urging South Africa to seek peace with its millions of Negroes by abandoning racial segregation.

Reports circulated that Britain would kill the resolution with a veto, but its chief delegate here told reporters "We want to see what comes out" before taking a final position.

Sir Pierson Dixon referred to behind-the-scenes efforts to water down even more the resolution deploring actions of the South African government that resulted in mass shootings of Negroes by white police.

VETO

Diplomats felt a big-power veto would almost certainly mean the calling of an emergency session of the 82-nation General Assembly.

The Soviet Union will vote for the resolution. France was expected to follow any lead taken by the British.

The resolution also calls on Secretary - General Dag Hammarskjold to consult with the South African government on means of achieving compliance with provisions of the U. N. charter dealing with racial discrimination.

Progress Reported In Cancer Fight

LOUISVILLE, Ky. (AP)—Isolation of a superpotent chemical apparently existing only in cancer cells was reported Friday.

It may provide an Achille's-heel attack against cancer, leading to drugs or even a vaccine which kills cancer cells but not normal ones.

The chemical, named toxohormone, now seems to be one of the first differences detected between cancerous and normal cells. If this difference can be exploited, it means cancers could be hit in a weak spot—or Achille's heel.

ISOLATION

Isolation and studies of toxohormone were described at the close of an American Cancer Society seminar for science writers by Dr. A. Clark Griffin and Dr. K. Yunoki of M. D. Anderson Hospital, Houston, Tex. Dr. Yunoki, a physician trained in biochemistry is on leave from Kagoshima Medical School, Kagoshima, Japan.

At present, it can only be speculated whether toxohormone can bring effective new attacks on cancer, said Dr. Griffin, a biochemist.

One fraction or factor in toxohormone has been found only in human cancers and not in normal tissues, he said. Eight different types of human cancers have been checked so far.

It is so potent that one 25-millionth of an ounce is active in a test system used to measure potency.

Drs. Griffin and Yunoki have just broken it down further into four parts, one or two of which may be active in 25-billionths of an ounce. These parts are protein.

Trujillo Quits Dominican Party

CIUDAD TRUJILLO, Dominican Republic (AP) — Generalissimo Rafael Leonidas Trujillo resigned Friday as head of the Dominican party. He said his purpose was to set the stage for free elections with two or more parties in the running.

The Dominican party has long been the only effective political party in this country.

Trujillo, 68, has ruled the Dominican Republic for 30 years. In a letter to the governing board of the Dominican party, he said he also was quitting as a member of the organization. He said he wanted to encourage the formation of other parties. Such moves, he added, are unlikely if he continued in the party.

TO HELP PREVENT AIRLINE BOMBINGS

Baggage X-Ray Suggested

WASHINGTON (UPI)—FBI Director J. Edgar Hoover has recommended to federal aviation authorities that airline passengers baggage be x-rayed to help prevent bombings of commercial airliners in flight.

He also suggested in congressional testimony made public Friday that fire-proof tape recorders be installed in cockpits to record conversations between pilot and crew. He said it would help determine the cause of accidents.

Hoover's proposals were disclosed as the Federal Aviation Agency FAA moved to require all jet - powered airliners to be equipped with indestructible flight recorders to help solve mysterious crashes.

Such devices record on aluminum or steel foil a plane's altitude, speed and heading from takeoff to landing. They already are required on pure jet transports and the FAA proposal would put them on turbo-props as well.

Both the FAA recorders and Hoover's proposed recordings of crew conversations have the same aim — to help prevent air tragedies and provide accident investigators with more clues to work on.

Hoover noted in testimony before a House Appropriations sub-committee that the FBI has been investigating recent plane crashes at Bolivia, N.C., and in the Gulf of Mexico in which explosion in flight was suspected.

He said he had suggested to the Federal Aviation Agency on Jan. 22 that "they give some study to the examination of baggage with x-ray equipment."

The FAA and most commercial air carriers were reported to oppose the idea on the grounds that such examinations would not be foolproof because they would pickup such objects as alarm clocks and electric razors. They also contend that x-ray inspection would mean a delay in passengers boarding planes.

Hoover agreed the examinations would not be 100 per cent effective. But he said they would "have a high degree of reliability, together with the psychological effect such inspection would have on potential saboteurs."

In advocating use of cockpit tape recorders, Hoover said airliner crews are so busy when a serious incident occurs that they often are unable to communicate with the ground. He said a recording would provide some means of determining what caused a crash.

The flight records proposed by the FAA would be attached to the plane's instruments just as a cardiograph machine can be attached to vital parts of the human body. The recorders now on pure jets are encased in steel to make them almost immune to damage.

The FAA action apparently stemmed from two recent Lockheed Electra crashes which still are unsolved. Had the planes been equipped with recorders, investigators would have additional information on their disintegration.

The proposed FAA order would make installation mandatory by Sept. 1. The airlines and other interested parties have until May 3 to file comments. The airlines are not expected to oppose the new rule, although the devices cost $3,000 each.

The order would affect all Electras, Viscounts and F27's, which have their jet engines hitched to conventional propellers. The carriers are scheduled to have a total of 269 such planes in operation on Sept. 1.

Juvenile Cases Decline Is Seen

Monroe city judge W. M. Harper said Friday juvenile cases handled by the Monroe Police Department show a decline in a comparative study of the quarters January 1 to March 31 of 1960, 1959 and 1958.

Harper said that this year "58 juveniles residing in Monroe made contact with the Monroe police, compared with 71 for same period of last year and 123 in same period of 1958".

He pointed out that compared to 1958 there has been a reduction of 53 per cent although Monroe has increased in population.

PLEASED

Harper said, "The fact that only 58 Monroe children made police contact in the first quarter of 1960 is most gratifying. A large majority of these cases were minor in nature with very few in the serious category. Since there are about 11,000 children of juvenile age in the city of Monroe, this report means that 10,492 children and their fine parents are to be congratulated."

He continued, "I do not believe we can hope for a better report, but despite the favorable showing we will continue our efforts in behalf of our erring youngsters.

"When we hear of the deplorable juvenile situations in other parts of the country, Monroe can be very thankful.

"May I again remind parents that the job at hand is first for the home, and if parents fail, the situation can become hopeless. Parents must ever remember that if good children are to be raised, parents must lead the way; set the good example, ever keeping in mind the three:

"Be careful where he goes, With whom he goes and What he goes on.

"If the three goes are kindly but firmly enforced, rich dividends will be reaped in future citizenship," Harper concluded.

Key Club Confab Will Be Held In Baton Rouge

Key Clubs from area schools will join more than 600 boys from about 90 high schools in Louisiana, Mississippi, and Tennessee, in the annual Key Club district convention April 7-9.

The year the convention will be held at the Capitol House Hotel in Baton Rouge where the boys will attend meetings and other various activities scheduled.

Leading the convention in business will be Governor Jimmy Woods of Neville High School, who will complete his term of office at this convention. Climaxing the activities will be the banquet and Governor's Ball Saturday night.

Tax Suit Filed Against Firm

A DeSiard Street tractor firm is being sued by the state for $305.81 in alleged past - due unemployment compensation taxes.

Richard E. Brown Jr., administrator of the Division of Employment Labor, filed suit yesterday with the Ouachita Parish clerk of court, against Billy D. Nelson and J. W. Nelson.

They operate Nelson Brothers Tractor Co., 2408 DeSiard.

The state charges they owe $805.81 due from July 1, 1956 through Sept. 30, 1959, plus $109.06 interest and an unspecified penalty.

Three liens have been recorded against the firm, by the state.

Judge Jesse Heard signed a court order yesterday, ordering the Nelsons to show cause why a judgement should not be given against them in Fourth District Court at 9:30 a.m. April 7.

Decision Due Soon On City Name Election

Mayor J. Allan Norris said yesterday the West Monroe City Council will decide whether an election will be called on renaming the city at a special meeting Wednesday night.

Norris said the meeting, which will be held at 7 p.m. in the City Hall courtroom, would be open to the public so that the wishes of the citizens could be heard.

He made the announcement following an early-morning session of the council, called to decide what should be done about a Chamber of Commerce proposition to pay for the election.

The Chamber of Commerce wants the City Council to call an election to determine if the people want to rename West Monroe.

PURPOSE

Norris said, "Purpose of the meeting is to get the wishes of the people. It is proper that the official body of our city remain neutral at this time so that the wishes of the people can be heard."

But Norris added, "We reserve our right to vote as we see fit."

City Atty. John McCormick pointed out that if an election is called and the vote is in favor of changing the name, attorneys would be up against a tight timetable.

Under the law, acts of the Legislature would be necessary to rename the city. With the Legislature going in session May 9, West Monroe would have to hurry to be ready.

McCormick said deadline for filing bills in the Legislature will be May 29. He explained that five weeks of advertising the city's intent would be required, placing the election deadline around April 23.

Meantime, one city official recalled that in 1941 a move to rename West Monroe failed.

KENNEDY, HUMPHREY

Hopefuls Avoid Religious Issue

MILWAUKEE, Wis. (AP) — Democratic presidential hopefuls trumpeted new demands on safe old issues in Wisconsin's primary campaign Friday. Both Sens. John F. Kennedy of Massachusetts and Hubert H. Humphrey of Minnesota studiously avoided the religious controversy raised Thursday.

Instead, both retraced old campaign trails in the populous southern part of the state, plumping for medical insurance for the aged and other social advances as they moved into the final days of a strenuous hard-hitting campaign. It all ends Tuesday in the first contested presidential primary of 1960.

Humphrey picked industrial Racine to put in another doublebarreled pitch for primary votes and medical insurance for the aged under the Social Security system. Kennedy duplicated the performance in a talk prepared for del-very at a reception at Beloit.

Each had taken the same stance repeatedly before. But, after all, there isn't much new that either can produce in the way of issues or political projects during the campaign finale.

Humphrey did tell some Kenosha supporters that Kennedy forces now "are in panic" and buying radio and TV time to step up their drive.

Again a challenge to Kennedy to face-toface debate on farm, social security and other issues went unanswered. Kennedy says the campaign in general is a debating forum.

"The people of Wisconsin are being cheated," Humphrey said, "by Sen. Kennedy's refusal to meet me in public debate on the issues."

Each buried the issue of Kennedy's Roman Catholic religion. It was hauled into the open Thursday, not by the candidates, but by former Democratic State Chairman Charles Greene.

Greene placed ads in weekly newspapers throughout the state urging Protestants to turn out for Humphrey on grounds that Catholics of all political persuasion were likely to back Kennedy. Both Humphrey and Kennedy denounced the ad.

Greene said it was placed in the papers without consulting Humphrey forces.

mistake and hurt him."

Farmerville CCC Camp Schedules Reunion In June

FARMERVILLE (Special) — Former member of Co. 4409 of the Civilian Conservation Corps here are planning a reunion tentatively on June 25.

Current plans call for the get-together to be held at the Commercial Solvents Pace Lake Club house at Sterlington.

The CCC camp was organized in 1935 and disbanded in 1942.

Former members who want to attend have been asked to contact L. H. McVicker at Farmerville.

ANNOUNCES NEW LINE

PITTSBURGH (UPI) — Great Lakes Steel Division of National Steel Corp. will come out with a new line of thinner, easier welding, high strength steels for natural gas pipelines, it was announced Thursday.

Ring Broken By Officials

CHICAGO (UPI)—Seven member of a ring which used dancing girls, soft lights, and money-minded cab drivers to ensnare fun-loving conventioneers into losing money were found guilty in a federal court Friday.

U.S. District Attorney Robert Tieken, calling the case a major step in what he called a government campaign against fraud on all fronts, hailed the verdict as one of the first convictions against a major "crime syndicate hoodlum."

He called Julius J. Grieco, 43, owner of a West Madison Street shopping center where the stolen or raised checks were cashed, a syndicate leader who, he said, ruled vice on Chicago's West Side with an iron hand.

The government charged that conventioneers seeking a good time were steered by cab drivers and others to night spots, mainly the show lounge at 3040 West Madison Street, where they were skillfully befuddled with drink or plied with "affection" which allowed female employes to pick pockets of wallets or check books.

In some cases, customers were induced to write checks, the checks were smeared with water or liquor and the customer was asked to sign another—for a higher amount.

Small checks were skillfully "kited," the government said, their amounts sometimes increasing by as much as $1,200. Members of the ring counted on the reluctance of victims to make a complaint because of the circumstances under which they became prey to robbery of fraud.

Found guilty in addition to Grieco were:

David Duran, 53, a bartender; Dominic Abbrescia, 27, manager of the show lounge; Nate Shulman, 57, owner of a North Kedzie Currency Exchange where checks were cashed; Alec Harris, 67, Miami Beach, Fla., former owner of a Roosevelt Road Restaurant; Amadeo Di Domenico, 41, a taxicab driver, and Joseph A. Locelso, 33, also a driver.

AUTHORIZES ROUTE

WASHINGTON (UPI) — The United States granted Friday a British and a French airline the right to fly to Los Angeles.

The Civil Aeronautics Board with President Eisenhower's approval authorized a polar route to the West Coast city for British Overseas Airways Corporation (BOAC) and a similar route from Paris for Air France.

Spring And Tourists

Suddenly it is spring! Sometimes the calendar and the weather fail to get together on the date that spring arrives but this year they seemed to be in tune. Almost at the instant that spring officially arrived on March 20 (a day early because of leap year) buds leaped out on trees, shrubs and spring flowers. Almost instantly they were transformed into leaves and flowers.

Scarcely two weeks ago most fields and woods were brown and sear. They had hardly shown any of the signs of the life that vitalizes them in the springtime. Then, all at once, it happened. Trees are covered with flowers and budding leaves. Fields and yards and every place one may look are green. The Ouachita river levee leading northward and southward from the north traffic bridge is suddenly carpeted heavily with rich, verdant green.

This does not mean that we won't have any more cold snaps. We may have another cold spell at Easter and possibly others before and after but old man winter has just about thrown in the sponge No matter what he attempts to do now, he won't have strength enough long to keep every living thing from feeling the sap of new vitality flowing upward.

Spring means many fine things, spiritual as well as material, but one thing it means for Louisiana financially is that the greatest annual surge of tourism has begun and that people all over the United States are looking for places that attract them most. They reach their decisions on attractive places on what they have seen, heard or read. The states which give tourists most cooperation, which give them the greatest welcome and which tell them of the many places of beauty and charm and novelty and fun and recreation and sportsmanship they have to offer are the ones which attract the greatest flow.

Louisiana, known as "The Sportsman's Paradise," lives up to its name in that respect. It is one of the greatest hunting and fishing states in the union and has also climbed to the forefront in boating, skiing and other water activities. It abounds with lakes, rivers, bayous, streams and gulf shores. Its lagoons and swamps lure those who seek strange, weird and romantic sites, who enjoy looking at moss-festooned trees and exploring waterland jungles. Its historic places and time-honored traditions draw those who like to delve into the past.

Louisiana's department of commerce and industry has joined with the Louisiana Mayors Association, the Louisiana Municipal Officers Association, Chambers of Commerce and a number of other groups in promoting "Lovely Louisiana." The department looks upon tourism as one of the state's most important and fastest growing industries.

Mississippi in many ways has attractions which are found in Louisiana. That state, long famous for its efforts to attract industry from other areas, is acting in many ways to attract tourists. In one of its most unique actions along this line, the Mississippi legislature voted to take away from constables the power to make arrests on federal highways because traps for speeders were said to have been causing some tourists to avoid that state.

A University of Arkansas compilation showed a new record of $320 million in last year's business of serving travelers in that state.

With states in the deep south awakening to the opportunities offered in tourism and with the number of people who take to the highways every year increasing by leaps and bounds, this area is headed for more and more high records in the amounts poured out by tourists as they turn to the joy of the road.

Khrushchev Drives Wedge

Khrushchev's speech to the French people of Reims early this week referring to his own belief that a "master race myth" is being reborn in West Germany is another propaganda effort to split Western allies.

The Soviet premier's speech was well-timed but transparent. Following as it did the upcropping of incidents of swastika painting and synagogue defacing in western Germany, the German "master race" myth had made the news from other sources. However, the hoodlums prosecuted thus far in German courts for such actions have for the most part admitted they got their instructions from Communist East Germany. The fact that the incidents took place within the space of less than two weeks also indicates they were manipulated by a highly organized source. Since no such degree of organization exists among extremist groups in western Germany today, the effort appears to have been directed from the east.

Khrushchev's speech, while it does not admit to the Soviet Union as having engineered the vandalism, certainly was timed to take full advantage of the incidents in order to drive a wedge between France and Germany.

From such an emotional theme, Khrushchev brought the principal subject up to date with a jab at West German Chancellor Konrad Adenauer. In a recent speech, Adenauer had said in effect that Germany must take the lead in defending Europe. With the economies of other western European nations considered, the German chancellor's words were true.

But Khrushchev's speech to the French also twisted Adenauer's offer of German leadership to appear as a German threat to master Europe once more as in the days of Hitler. The Soviet premier said, "We cannot accept such a theory because we see in it a re-establishing of the Hitler theory that the Germans are a superior race and that the others are servants."

Perhaps the words of the top Commuist leader will stir old fears and hatreds among some Frenchmen. But his method is at least 10 years out of date. At the time of the trials of German war criminals after World War II, the French and Russians still smarting from severe blows of German occupation were advocating the greatest measure of punishment for the defeated enemy.

But a new generation of French and German businessmen has grown up since those days, and a progressive pooling of French and German coal and steel has proven highly profitable to both nations. In addition, the leadership of France and West Germany shows a great measure of accord. Whatever differences De Gaulle and Adenauer may have are eclipsed by their mutual concern over Communst aggressive designs.

After his bout with the flu, Khrushchev appears to be doing his best to pit France against Germany. Actually, he is doing little more than rattling the saber on the skeleton in the closet across the Rhine. Most Frenchmen know this skeleton has been peacefully laid to rest.

The Hannibal and St. Joseph Railroad, a predecessor of the Burlington Route, inaugurated the rail service between the Mississippi and Missouri Rivers in February, 1859.

More than 1,700,000 persons own stock in motor vehicle and automotive equipment manufacturing firms, according to the Automotive Manufactures Association.

Getting Hard To Ignore

GEORGE SOKOLSKY

Writer Is 'Free As Bird'

Nikita Khrushchev Says That In Commenting On Fact That Hearst Papers Publish His Articles

Tovarish Nikita Sergeivich Khrushchev:

I see by the newspapers that you are in a quarrel with my colleague, Bill Hearst. You may imagine that he, in some manner, is my boss because my articles appear in some newspapers owned by the Hearst Corporation. You believe that I must write what he wants me to and therefore that we have no freedom of the press.

One of your major difficulties is that you are too conservative, too inflexible. If you really wanted to know what a free press is, you should have tried to find out when you were here. Bill Hearst is a pretty good man, as editors and publishers go, but he has yet to tell a columnist what to write or what not to write. Only a fool would try to do that in this country.

* * *

For instance, my work is published in many newspapers daily. Some of these newspapers are Republican, Democratic or of no party. Some like what I write and some dislike what I write. Personally I do not know many of my editors.

Can you understand what I am saying to you?

Why do they publish what I write or what Drew Pearson or Joseph Alsop or Walter Lippmann writes. It is only because they believe that their readers have the right to read what we say. Obviously when a man such as any one of us has so many editors and publishers, he cannot please all of them or even most of them. Nor can they tell him what to say. What pleases one, may be hateful to another. So a writer is free as a bird to be wise or stupid, truthful or false, conceited or humble, honest or corrupt. In due course, the voice of the people will determine whether he should continue or not.

* * *

This is freedom of the press—part of it. You question whether anyone can write in the Hearst press what Bill Hearst does not like. To say nothing more about myself, I read much in the Hearst press that Bill Hearst does not like and much in the Scripps-Howard press that Roy Howard does not like and in other newspapers that I am sure the owners are not pleased with.

I hope you grasp what I am telling you. Back in the early days of the Revolution, in 1917 and 1918, I was an editor of the "Russian Daily News" in Petrograd. I attended the Constituent Assembly and as my memory of faces goes, I did not see you there. I saw Lenin, Trotsky, Zinoviev, Kollantai, Stalin and many others in the good old days of the Smolny. You must have been a young fellow then in the Ukraine. So the wheel of life turns—they are all dead now and you are on the top of the heap.

My little paper was anti-Bolshevik, even after Kerensky went to Gatchina. So one day, the Red Guards came along and closed the paper down. Nu, there was nothing to do. So, in due course, I was put on a train which ended its journey at Harbin.

* * *

It would have been better for Russia had my little newspaper not been shut down. You would have had real opposition and that is good for the soul. You know, as well as I do, that toward the end of his life, Stalin was suffocated by yeses. A man who can only hear the word, yes, must become unbalanced, because there must be some noes in life. That is why Stalin had to kill his colleagues.

In this country, we talk about the "right to know." In fact, at the moment there is quite a quarrel between the newspapers and the government about the "right to know." The newspapers ask, "Who are these temporarily important men in the government who say that they are entitled to determine what the people should or should not know about their government?"

On the other hand, many in the government, particularly the military personnel, would like to limit what the people should know because they are afraid that you will find out some secrets. You know that that is a stupid attitude. You have so many spies here and such able ones, that you find out most things pretty quickly.

No, be of good health and don't let your colleagues get you.

Faithfully yours,
George E. Sokolsky

HAL BOYLE

Fat Man's Back

Writer Threatened With Dieting Hangs Onto Refrigerator

NEW YORK (AP) — "Well, the fat man's back," my wife announced at breakfast.

"Who?" I asked, reaching for a second piece of toast.

"You!" she said.

I dropped the toast as if my wrist had been rapped by a crowbar.

Then I went in to the bathroom scale. It agreed with my wife. The figure read—205.

"Better get that thing adjusted," I told Frances. "It's gone crazy."

"You're the one that needs adjusting," she replied. "When are you going to start?"

* * *

Well, I did the only manly thing possible in the situation. I went into the kitchen, threw myself on the floor, put my arms around the refrigerator and began to whimper.

"Cut off my arms and legs," I pleaded. "Send me to jail. Put me to work on a road gang. But don't make me go on another diet. I can't take it again."

"You'll have to," said Frances firmly. "Last summer you took off 40 pounds, and since September you've put 30 pounds back on."

'Maybe heaven meant for me to go through life a fat man," I argued.

"Maybe so," answered my wife. "But not in this house. You're so heavy you're breaking down the furniture."

If I had the courage, I'd pack a lunch—a big one, too!—and run away from home. But I know I won't. I haven't got the character to stay thin, and I haven't got the sturdy independence of mind to remain fat and enjoy it.

* * *

What's so socially objectionable about a human being who looks happy and well-fed?

When you get right down to it, fat people keep society in balance. They pay their bills on time. They are placid and considerate of others. They give skinny people something to feel superior to. They rarely break laws as they don't have the energy to do things that are illegal. Did you ever hear of a fat assassin?

The only injustice the fat man does is to his pallbearers — and he does that only once.

But instead of being regarded as heroes, we 30 million overweight Americans are treated as civic menaces. You pack a full stomach today and your scrawny neighbor jeers and ridicules you as if you were in some way a threat to his own welfare. Why?

There is a theory that too much food causes fat. I'm not so sure. I can gain weight merely by reading about food in a diet book—or looking at pictures of food. Can't you?

* * *

I have a different theory about fat. I think that it is probably caused by viruses, such as the common cold.

According to my theory, fat is never really destroyed. When one fellow gets rid of fat, it merely changes into atoms. These atoms then float through the air and settle on the first fat-susceptible fellow they meet.

The atoms pile on top of one another, silently and invisibly, and he gains weight. Soon, to his consternation, he is fat—but not from overeating. Oh, no. He didn't make himself fat. He merely caught fat, just as if he might catch pneumonia.

All right, officer, give me a graham cracker—and I'll come along quietly.

PACIFIST SPANIEL

ROSELLE, N.J. (UPI) — When a bandit entered Frank Mulasz's liquor store Thursday and announced a holdup by firing a shot into the floor, Mulasz shouted to his cocker spaniel:

"Go get him."

The spaniel sat down and the thief escaped with $150.

Daily Devotional

These things I have spoken unto you, that My joy might remain in you.—John 15:11.

Christ came to give us an abundant life. He assumed our sorrows, difficulties and sins that we might share His eternal happiness. While Christ is eager to bring us joy, He is not like an indulgent parent who yields to the whims of a favorite child, even to the point of harming such a young life. He came into a world of sorrow and woe and drank His cup to the bitter dregs to free us of the curse of sin. Nevertheless, true happiness cannot be attained without repentance and willing obedience.

Help us, O God, to see the unimportance of fleeting things of this earth and give priority to the spiritual. In Christ's name we ask. Amen.

SYLVIA PORTER

Gold Still Vital

United States Continues To Save It But Reason Unclear

"Gold we have, but we save it. Why? I don't really know. Lenin said the day would come when gold would serve to coat the walls and floors of public toilets. When the Communist society is built, we must certainly accomplish Lenin's wish."

So remarked Nikita Khrushchev in an aside to a French industrialist during his Paris visit last week — thereby posing a question which has been asked over and over through the centuries.

* * *

Gold is a "ridiculous yellow fetish," concluded Lord John Maynard Keynes when back in the 1920s and 1930s the brilliant British economist was formulating economic theories to help break the strangle hold gold had on the world.

Gold is "absolutely useless and will be replaced by the labor of the German nation," boasted Adolf Hitler when more than a quarter - century ago the Nazi dictator was openly warning that "superior" German workers and soldiers would conquer the globe.

Yet, despite Keynes and Hitler and all our own efforts during the New Deal days to downgrade gold to the status of just another metal (better than stuff "to coat the walls and floors of public toilets," but still just another metal), gold has continued to play an enormous, vital role in the modern world.

* * *

As my friend, Dr. Franz Pick, the internationally - known currency analyst, put it when we lunched immediately after Premier Khrushchev had made his comment, "For 6,000 years gold has been dominating the thinking of nations, and no one has ever figured out a way to master the gold problem."

"Admitted," said I, "but now I challenge you to join me in answering the question for Khrushchev and for our countless millions who 'don't really know' why we bury the yellow bricks with such care in the vaults of Fort Knox and New York."

Why do we save gold? We save it because from the start of civilization, gold has been the most ideal medium of exchange, measure and symbol of values. "Its tradition as a protection of assets is unmatched by any other metal," said Pick.

* * *

Why has gold a special position? Because it has unique, great virtues that make it ideal as a monetary metal. It is durable. It is of uniform quality. It is soft, stable, highly malleable. It is scarce, but not too scarce. The free world's annual production of gold is figured at around $1.1 billion and Pick estimates the Soviet bloc's annual output at around $700 million. No other metal has the characteristics gold has to make it a permanent medium of exchange.

* * *

Why do people everywhere have so deep and lasting a respect for the metal? Because, "The depressing record of the destinies of paper currencies fosters a deep belief in something which can't be devalued at a government's whim," Pick properly emphasizes. Throughout all the centuries gold's value has persistently risen, and it has provided a protection against the repeated destructions of paper currencies.

* * *

And why does Communist Russia save gold as avidly as any capitalist nation? Because Russia wants to make the ruble strong and respectable, and a broad gold basis will help achieve this. Russia's gold hoard today is calculated around $7 to $9 billion — with no claims against it — and she is mining more as fast as she can. Our reserve is over $19 billion — but against ours, there are heavy claims.

Will Khrushchev "accomplish Lenin's wish"? No. Nor will his successors. History shouts that gold will continue to be, as it has been for thousands of years, a purchaser of power, a maker of power, a symbol of power for governments and for peoples.

DR. STEINCROHN

Duodenal Ulcer

Placid Type Is Not Likely To Give Or Get This Ailment

"What is the cause of duodenal ulcer?" asks Mr. L., Savannah.

The answer is not a simple one, Mr. L. There are many factors. And I think the most important is this: what kind of person are you?

Are you an "ulcer-giver"? (insensitive to the feelings of others).

Or are you an "ulcer-getter" (highly sensitive to any human "barb thrust"; one who reacts with resentment and hate; one who never forgets insults).

Lastly, are you the placid type? If so, chances are you won't give them or get them.

Now, as for the psysiological explanation: peptic ulcers are due to hypersecretion of gastric juice. The excess hydrochloric acid and pepsin in the gastric juice digest a part of the wall of your stomach or duodenum and the ulcer forms.

We know that you will have excessive secretion of juice if your emotions are continually getting out of hand. If you have duodenal ulcer your fasting stomach will secrete 3 to 20 times as much hydrochloric acid as your healthy next-door neighbor's.

I know treatment is not easy. If you are a family man you can't just walk out on a boss who is an "ulcer-giver."

It isn't easy to forgive a former friend who has turned enemy and has hurt you.

It isn't easy to stop being anxious when you have illness in the family and are mortgaged up to the hilt.

Nevertheless, if you hope to get well, you have to learn how to come to terms with yourself. You can't change others or environment; therefore you must change yourself.

Medicines given to neutralize excess acid; antispasmodics to combat stomach tenseness; special diets; operation; all of these are important.

However, in my experience, ulcer patients who are able to "adjust" do better than all the rest.

ALWAYS COLD

Dear Dr. Steincrohn: Is there anything I can take to overcome my feeling "always cold"? Everyone around seems to be warm while I stay cold when wrapped up in sweater. — Mrs. S. W. Los Angeles.

ANSWER: Have you had a checkup recently? I would be especially interested in your blood picture and the efficiency of your thyroid.

GALL BLADDER: IN OR OUT?

Mrs. M. of Kentucky writes: "I have had gall bladder attacks for some time: every few weeks lately. My doctor has to give me a 'shot' to relieve the severe pain. What are the dangers of delaying operation?"

ANSWER: Readers may recall that I have said that the diagnosis of gall stones — unlike that of actue appendicitis — does not call for immediate operation. Many patients go through life with gall stones without even knowing they have them until a routine X-ray showed them.

However, in your case, Mrs. M., there is danger in delay. Some day a small stone may lodge in a bile duct and cause jaundice and liver infection.

Under such conditions operation may be difficult indeed. And much worse, the results may be bad.

I usually tell patients with recurring attacks of biliary colic to have the gall bladder out.

Writes Mrs. N., Washington, D. C. What is the difference between an opthalmologist and optician?

ANSWER: An opthalmologist is a doctor who specializes in the diagnosis and treatment of eye conditions. An optician: one who makes glasses for remedying defects of vision.

Adenauer Heads For Bonn After Visit To Japan

TOKYO (UPI) — West German Chancellor Konrad Adenauer departed Friday for Bonn after an eight-day visit to Japan which he described as unforgettable.

Adenauer's chartered Lufthansa Constellation took off from International Airport in the afternoon.

In a joint communique issued at the close of his visit to Japan, Adenauer and Prime Minister Nobusuke Kishi reaffirmed that the common aim of their policy is to realize a lasting peace based upon freedom and justice."

The two leaders called controlled disarmament and most important subject to be discussed at the forthcoming East-West summit meeting.

One of the touchiest subjects Adenauer and Kishi discussed was trade. Some Japanese businessmen have complained West Germany was making increasing inroads into their traditional markets.

Country Bolts Past New Mark In Outer Space

(Continued From Page One)

ed as space scientists had hoped.

The scientists had been reluctant to make a flat statement until they could interpret the signals received from the satellite—signals that came across as a series of dots.

Sitting at Eisenhower's side, Glennan said the photographs point to "the sort of thing one would expect to find in the years ahead" in new techniques for forecasting weather.

U.S. space specialists view Tiros I as the possible forerunner of a network of robot space stations designed to flash almost instantaneous reports of weather conditions around the globe

The Soviet Union is known to be interested in using satellites for long-range weather forecasting, but there has been no sign they have attempted to put anything like Tiros in orbit.

Eisenhower issued a formal statement congratulating Glennan and all concerned who he said "contributed so magnificently to this achievement."

Sen. Lyndon B. Johnson (D-Tex) called Tiros' launching "the best space news that we have had in a long time."

Johnson, chairman of the Senate Space Committee and Senate Democratic leader, said in a statement: "This represents one of the most important steps that we have taken in the exploration of outer space.

"The basic thing is that this is a step toward peaceful uses of our outer space technology, and this is of great significance to all mankind."

The 270-pound Tiros, appearing much like an oversize hatbox, rode into the skies from Cape Canaveral, Fla., at 6:40 a.m. All three stages of its Thor-Able rocket carrier ignited in succession. The satellite then broke away and went into a circular orbit close to advance calculations.

Within a few hours, scientists at the National Aeronautics and Space Administration unhesitatingly said the satellite had gone into orbit and, on command from ground stations, had started transmitting signals indicating there is "something good there."

But the scientists were reluctant to say immediately that Tiros' two cameras had taken actual still pictures of the earth's cloud cover on its 99.15-minute circuits of the planet.

Some space specialists would say only that they were getting a series of dots that required interpretation.

However, Dr. Harry Wexler, chief scientist for the Weather Bureau, told a newsman at midday he felt signals received will show a picture of the Midwest storm which is on the weather map.

Dr. Abe Silverstein, chief of NASA's space flight projects, said: "We think we are getting signals that indicate pictures of cloud cover."

Tiros — which takes its name from initials for Television and Infra-Red Observation Satellite—is traveling in an almost perfect circle, the space agency said. Its orbit was calculated to take it as far as 468.28 miles from earth and within 435½ miles at its closest point.

Thousands Homeless In Storm Area

(Continued From Page One)

families were becoming desperate over the fate of their stock.

All of the 140 townspeople of Winslow, Neb., moved out ahead of the Elkhorn River's flood crest, and in Iowa rivers burst through levees at Des Moines, Pacific Junction, Bartlett and Hamburg.

Iowa Gov. Herschel Loveless ordered out National Guard troops to shore up the levees along the Missouri River. But they had to fall back in the face of the flood and use their equipment to evacuate those who lived in the water's path.

New floods struck so thick and fast that the American Red Cross more than doubled its estimate of the number of homeless from Thursday's figure of 6,000 for the states of North Dakota, Nebraska, Iowa, Kansas, Missouri, Illinois, Wisconsin and Michigan.

The mass flights continued. All 100 residents of Bartlett, Iowa, began moving out ahead of the swollen Missouri River, and the public works director of Hawarden, Iowa, warned that all 2,600 inhabitants of the town might have to flee the oncoming big Sioux River crest.

The death count stood at 11 in the water-logged midwest flood belt, with four flood fatalities in Missouri, three in Nebraska, and one each in Illinois, Kansas, Michigan and South Dakota. Every day the floods lasted added new millions of dollars to the property damage total.

Dixie Bloc Setback By Senate Move

(Continued From Page One)

bill now was close to being "a sham and...a fraud."

The amendment was shelved after Democratic Leader Lyndon B. Johnson of Texas said the bill might return to a dead end in the House if it were broadened.

"If you want to kill the bill, just try and make it go much farther," he said. He said the bill, as it stood, would meet all legitimate objectives without making "a province out of the South."

But Sen. Kenneth B. Keating (R-N.Y.) took issue with Johnson, insisting that "we are not required to swallow whole what is sent over by the other body."

Clark called the measure "a weak Republican bill watered down by Southern and southwestern Democratic votes."

Earlier, Dirksen forced Clark to resume his seat temporarily for what Dirksen considered remarks that "impugned my motives and conduct."

The voting referee compromise, sponsored by Sen. John A. Carroll (D-Colo.) and considered acceptable by Attorney General William P. Rogers, was adopted after Johnson demanded the Senate "stop talking and start voting." This angered Javits, who said he didn't like being "picked out now for the object of a lecture."

Health Unit Site Is Recommended

(Continued From Page One)

parking area, and expansion, if selected.

It is on the north side of DeSiard, and has access to Betin Street at the rear. Stanley Street is near - by. The location is close to the proposed Eastgate shopping center, and two blocks from the intersection of DeSiard, Louisville Avenue (U. S. 80), Powell Street, and Sterlington Road (U. S. 165).

Johns plans to meet with District Attorney Albin P. Lassiter, to draw up a resolution for presentation to the Jury. Prior to that, he will meet with Dr. A. G. McHenry, president of the parish Board of Health, W. F. Golson, ward six Police Juror, and Dr. W. L. Spencer Jr., to discuss the possible site. All three are members of the site selection committee, but were unable to attend the Friday meeting.

FUNDS

The Parish now has $99,568.23 on hand to buy land and finance partial construction cost of the building. It was obtained through a one - mill tax approved by property owners last year, to run for one year.

This is separate from the one-mill operating tax, which was approved for five years. The parish received $100,695.52 from last year's taxes to pay for Unit maintenance this year.

Local officials look for additional funds to construct the new unit to come by state and federal routes. They hope to obtain a Hill Burton federal grant to match what is put up here, plus aid from the Louisiana Legislature.

Montgomery said that he plans to discuss this with local legislators before the State Legislature convenes in May.

"Last year, both Rep. Lawrence Gibbs and Rep. Gilbert Faulk backed our request for money for the new unit, but the Legislature turned it down. We might not get it this year, but I hope we will," Montgomery said.

During the meet, members heard a report from the State Hospital Board committee, which looked over nine proposed sites in the Twin Cities on March 23.

Johns read a letter from John A. London and Ben Meyer, who represented State Hospital director Charles Rosenblum when the sites were inspected.

They suggested the parish advertise in the newspaper, for 100,000 square - foot sites for the Unit, and termed prices on locations under study as "out of proportion with representative sites throughout the state."

UNDER SURVEY

They noted the eight locations under survey all are "choice commercial property," and said the Health Unit does not need this kind of location.

Pettit and Johns remarked that every available real estate agent had looked for sites for the Unit, and "every available piece of property has been offered."

"I think the state is wrong about our not needing commercial property," stressed Johns. "If we put the Health Unit in the heart of a residential area, it will be a problem for the residents."

The DeSiard Street location under study is "at the borderline between white and colored sections, on a marginal area," members noted.

"The city planner said the Health Unit should be located on commercial property. The Unit is not residential, it is commercial," Johns pointed out.

The proposed site will be two blocks from the new U. S. 165 bypass.

Committeemen were disturbed when reminded that the city is repaving DeSiard Street, and that cost of the street in front of the 325 foot-wide lot would be $812.50 at a rate of $2.50 per front foot.

They also looked over seven other possible sites: 25,000 square feet surrounded by Harrison, Grammont, Hall and Hart Streets; 138,800 square feet bounded by South Grand, Adams and Lidell Streets; 96,600 square feet on 18th Street, south of Louisville and bordered by Pine Street.

Also, 90,000 feet on 19th Street, near Auburn and Roselawn; 103,950 behind the Louisville Business Center, near Lamy Lane and Fifth Street; the old Breard Home facing 316 feet on DeSiard Street, 315 feet deep, but in a "triangular" shape narrowing to 185 feet at the rear.

City property near Sixth and Hall streets, and bordering the proposed Civic Center location, also came under discussion. However, members pointed out that this would necessitate buying several old homes and tearing them down.

They doubted that this could be worked out at a satisfactory price.

Student Group To Hold Sway At City Hall

Student bodies of three high schools in Monroe Friday elected officers to take the reins of city government Monday.

The one - day regime of students is observed in connection with the annual Student Government Day and is sponsored by the Monroe Junior Chamber of Commerce.

School Head Says Will Call Jackson

nine, led by track star and student body president Marvin Robinson, inside the guest house as the stunned crowd sat outside. Later, Dr. Clark left the building and said he was going to "call Shelby Jackson."

Jackson is the state superintendent of education.

ROANOKE, Va. (UPI) — Federal District Judge Roby C. Thompson ruled Friday that 17 Negroes must be admitted to an all-white high school in Pulaski, Va.

Thompson deferred setting a date to enroll the Negroes, who had asked to be admitted immediately, until he hears further arguments in the case April 21.

Thompson issued his order after a long conference with attorneys for the Pulaski County School Board, the state and the Negro students.

"The court is of the opinion that the plaintiffs have a clear and present right to be admitted and to attend the high schools located within the said county of Pulaski forthwith," Thompson said in his order following the closed-door conference.

He pointed out, however, that two months of the current semester have been completed and it would be too late to enter an injunction barring further segregation during this school year.

Official Totals On State Count 3 Months Away

(Continued From Page One)

wide variety of Federal funds.

And if forecasts are true, it will show that Louisiana has advanced from 21st to 20th position in the population rank of the states.

By the end of April or early in May, however, the Census Bureau will begin to publish population statistics that are in some ways more important than the state totals.

Within a few weeks after the actual nose - counting is through, District supervisors will have totals for each county and parish in the U.S. and for every city of more than 10,000 people. By early in July, the tallies for smaller cities and towns will begin to appear.

According to Census Bureau experts, these totals for smaller communities are apt to contain the real surprises. The reason is that larger units, like states, can be estimated fairly accurately by population experts between censuses, but the smaller a community is, the less accurate is an estimate and the more necessary an actual count.

WORK

Between the announcement of local totals, and the release of the state tally a great deal of work must be done. Reports from throughout the U.S. are assembled in Indiana at a Census Bureau division and transcribed on magnetic tape, which is then run through counting machines in Washington. In the process, the Bureau must add or subtract transients, migrant workers, and others who were outside their home state on April 1.

Louisiana's totals are expected to show that the state is well above the 3.2 million people estimated last year. Best estimates are that the state has been growing slightly faster than the national rate.

Unless these estimates are far too optimistic, the state will retain its eight congressmen, unlike Mississippi, which will probably lose one, and Arkansas, which will lose two representatives.

Unlike most Southern states, the size of Louisiana's Congressional delegation has never declined over the years since its admission as a state. Starting with one representative, it reached its present size in 1910. The Arkansas, Mississippi, Alabama, and Georgia delegations all grew smaller as their rates of population growth were outstripped by Northern and Western States.

Louisiana ranked 23rd among the states in 100 with a population of 1.4 million. This increased to 1.7 million in 1910, but the state's rank declined to 24th. The rank jumped to 22nd in 1920 with a population of 1.8 million and to 21st in 1940 with 2.4 million.

of underground explosions under three-power auspices for the purposes of scientific investigation. None of the three powers has fired nuclear test explosions since November 1958.

The Russians have taken a highly suspicious view of any proposals to resume testing. They agreed only reluctantly to the principle that nuclear explosions for peaceful purposes could be arranged in a treaty suspending weapons tests.

Verwoerd Named Man-Of-The-Week

By PHIL NEWSOM
UPI Foreign Editor

The man-of-the-week: Hendrik Frensch Verwoerd (pronounced Fair-voot"), prime minister of the Union of South Africa.

The place: Capetown.

The quote: "If natives got a vote they would rule because of their numbers. The white man must be paramount. Only white people who represent whites should sit in parliament."

Troubles mounted this week for the grey-eyed, grey-haired prime minister whose political career has been based on extremism and who is regarded as one of the chief architects of South Africa's apartheid (white supremacy) laws.

But as unrest mounted among the union's black population and as protest marches carried into the heart of Capetown, the stern, Bible-quoting Verwoerd showed no signs of easing the bonds which restrict Negroes, mixed bloods and Asians to the areas and conditions in which they may live, worship and work.

This week in Parliament he reiterated a warning to the Negroes that his government would use "adequate force" to enforce its white supremacy laws.

More than 70 Negroes, including women and children, already had died in the past week and a half and hundreds had been wounded in clashes with South African police. Verwoerd's warning meant that more could die unless they returned to their allotted place.

In 1936, Verwoerd was prominent in a public protest against plans for South Africa to provide a haven for a shipload of Jewish refugees from Nazi Germany.

In the last 10 years, he has authored some of South Africa's most repressive race laws.

Ironically, at the same time he has been instrumental in building schools, hospitals and housing developments for Negroes. But their numbers have been insufficient to make more than a minor dent in slums, illness and ignorance among Africans.

Verwoerd was born in the Netherlands in 1901 but moved with his parents to Africa when he was two.

Before becoming professor of applied psychology at the University of Stellenbosch, cultural center of Afrikaaner nationalism, he studied in Germany at the universities of Hamburg, Leipzig and Berlin.

He is a tall, handsome man with an athletic figure who boasts that not one of his seven children ever has been bathed or put to bed by a Negro servant.

His Nationalist Party draws its support from the 1,600,000 South Africans of Dutch ancestry who call themselves Afrikaaners. His party sees a spiritual justification for keeping the races apart and Verwoerd uses Old Testament references to support his arguments.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Voice Of Broadway

BY DORTHY KILGALLEN

Maureen O'Hara's upcoming Broadway musical, "Christine," may undergo a switch in plans. The producers are considering the possibility of cutting the Philadelphia tryout time, originally scheduled from March 21 to the week end before the New York opening, April 21. They may play out this week, then return to Gotham and resume rehearsals here. Maureen has requested considerable rewriting and redirecting . . . Bill Talman, who played the district attorney on the "Perry Mason" series until he was nabbed in a West Coast vice raid, intends to sue for a huge sum because the TV show fired him the minute he was accused — didn't wait for a conviction . . . Socialite model Melissa Weston, long considered a sure thing to wind up at the altar with Ralph Fields, has kissed him goodbye in favor of a new suitor, a writer — and this looks For Real . . . Griffith and Prince think Leila Martin will set New York on its ear when she comes in as the star of the returning "West Side Story." Some show business experts who caught her in Boston say she's "better than Carol Lawrence" — which is quite an accolade . . . Eileen Barton is understandably depressed over the recent debacle of her night club. She haunts Goldie's New York, doubling between playing hostess for the crowds and turning out luscious hamburgers when the patrons get hungry.

Shirley MacLaine's husband, Steve Parker, has been bedded with malaria — he picked it up in the Pacific during World War II — so she's helping on the choreography for his U. S. road company of "Holiday in Japan." Shirley's been visiting him in Japan . . . Comedian Joel Gray and his bride are lullabying a 6-pound baby girl in California . . . Lyndon Johnson supporters in Texas have amassed a great fund to give to press agent Russell Birdwell with instructions: "Make Lyndon president of the United States." (Only Comment: Rots of Ruck, Charlie) . . . Have a funny book: "Out of the Red," by Caskie Stinnett, a marvelously amusing novel spoofing the government . . . Josh Logan, who launched Henry Fonda's daughter Jane on her career, is about to give the skyrocket treatment to Mary Tyler Moore, a West Coast starlet. He'll guide her stage, screen and TV appearances.

The Ricky Nelson - Toni Christiani romance is all over, which was predictable, because they come from two different worlds. But at least she had the kick of making him into quite a creditable aerialist . . . Critics will be invited to attend "opening" matinees at the American Shakespeare Festival in Stratford, Conn., this summer, to avoid the rush for deadlines. (Which is sheer wishful thinking; any regular first - nighter observes that even reviewers for weekly publications, who have four or five days to turn out their pieces, dash up the aisles during the last act as if they had only 20 minutes in which to assemble their thoughts.) . . . George Shearing will do a weekly radio show on WADO starting April 1. He'll combine comments with what he considers "good tunes."

If the actor's strike isn't settled within a week, many suspended productions may be hung up indefinitely — or completely shelved. The task of re-assembling casts will be almost impossible in a month or so, because stars will be winging all over the globe for other commitments . . . It looks as if Johnnie Ray has another hit record. The disc jockeys from coast to coast are beginning to love his new single, "Before You" — a pretty ballad by Tobias and Carr . . . The Sardi Set hears happy reports on the forthcoming Broadway musical, "Bye Bye Birdie," which Gower Champion directed and choreographed . . . Of course everyone in Hollywood has been casting the mythical cabinet if Peter Lawford's brother - in - law, Jack Kennedy, becomes the next president, but most of The Clan have settled on one appointment as the very best: Frank Sinatra for secretary of health and welfare.

Horseplayers will appreciate Eli Wallach's "hunch bet" the other day. Since he's currently appearing in the flickers "Seven Thieves" and "The Magnificent Seven," he put two dollars on the seventh horse in the seventh race at Santa Anita the other day. And do you know what: The nag came in seventh . . . Suzanne Bernard, the saucy French singer at Paris in the Sky, will have to do some commuting from her headquarters in East Orange. She's landed a role in the coming TV version of "Ninotchka," which stars Maria Schell in the part Greta Garbo did so beautifully. Suzanne will play a Gallic dreamboat employed as personal maid to Zsa Zsa Gabor, which right away indicates the proceedings will be lively . . . Willie Mays' wife is supervising the dehouse. It'll be a $60,000 job when finished — at least.

'Put Me In My Pocket'

By Gracia Caines Arcadia, Calofirnia

Marina and Peter, her husband, were Russian displaced persons. They had been brought to us by Dr. Frank Williams, minister of the Holliston Methodist church, who had seen my want-ad for a maid and a gardener.

They said nothing as we first walked about the house and grounds. When the interview was over Marina said:

"I think I die here — is paradise."

They moved into the caretaker's cottage and two hours later, I found Marina lugging furniture outdoors. She had left only the stove, the dinette table and chairs, the refrigerator and one of the twin beds. I thought she must be cleaning house, but protested against her lifting the heavy things.

"Not heavy. I big, strong," she said brightly.

When she began moving the furniture off to the storeroom, I protested again.

"ONE BED ENOUGH"

"Marina, don't you want those things for your house?"

"Not need," she replied, "not used to soft — one bed, one chair enough."

"But the floor is cold. Please keep the rug."

"Not cold. In Philippines we stand always in water to ankles."

When I looked puzzled, she went on to explain how Peter, born 55 years ago on a Ukranian farm, had been a Cossack in the army of the Czar and had fought the Bolsheviks. With a price on his head he fled to China where he met Marina, a refugee from Vladivostok. They were married.

Then communism spread into China, and Peter and Marina were taken with 500 other refugees to a small island in the Philippines. Native Filipinos refused to live on this island because of the constant typhoons and earthquakes. From this hazardous refuge they finally reached the United States, through the finances and faith of the congregations of our Methodist churches.

"NO WORRY"

When I expressed my sympathy for what they had been through, Marina spoke up emphatically:

"No, Mrs. Caines, no worry. We get along good. Never sick, others die, we live. Big, strong, eat borsch every day. Others forget rain, earthquake, get lazy. Not Peter and Marina. We thank God He send us America."

"Did you pray to come here?"

"No. I never ask God send to America. Pray send where He need me most."

On evenings when we were out, she would wait up for us, no matter how late. My attempt to dissaude her always met with, "Something might happen to children. I wait."

Once when we returned earlier than expected, the twins were sound asleep, but Marina was watching them, a radiant expression on her face.

"GOD KNOWS BEST"

As we went downstairs together she said softly, "Angels . . . God's angels." Then, as if speaking to herself, "My boy, he die."

"Oh, Marina," I said quickly, "I'm so sorry."

She turned to me, "Not sorry . . . is good. God knows best. I cry, cry is he hungry. For me, hungry all right, but not for him. God knows best what is good."

One day she came to me rolling the corner of her apron, a sign I had learned meant distress. A neighbor of ours was getting a divorce.

"Why, Mrs. M. get divorce?"

"She doesn't like some of the things Mr. M does."

"If woman want to love man she must not see everything he do," she answered. "All women get tired of men sometimes. I do. I think Peter no good for me, but then is when I put me in my pocket."

A PARTY

She and Peter were so thankful for what the church had done for them that they decided to give a party. They first thought of putting a "big sign on bulletin board saying 'Come to our party'. But I convinced them 400 might accept, so they chose 50.

One of the women found out Marina's birthday was near. To surprise her I made a large cake and at their party, after everyone had had borsch and periska, I placed the cake in front of Marina.

"What is?" she said with childish delight.

"A birthday cake for you."

"Why fire?"

"Those are birthday candles. Make a wish and blow them out."

"What is this wish?"

"Ask for something you want."

BECOMING CITIZENS

"Want?" she looked at me puzzled.

"Yes, for something you want."

"I don't want anything," she said slowly. "I have everything."

Two years later Peter and Marina established a home of their own. Today they are becoming citizens, working diligently, proudly.

If there are two Russians like Marina and Peter, there must certainly be millions more behind the Iron Curtain. Is it not for them and their children that we should pray?

MONDAY — Mary Astor, film star, tells how unemployment, divorce, sickness, sleeping pills, drinking and loneliness were the troubles she had to overcome to regain her faith.

FBI Agent Is Monitor Over Union

WASHINGTON (AP)—An FBI agent who has been investigating Teamsters Union President James R. Hoffa was named Friday a court monitor over Hoffa's Teamsters Union.

Terence F. McShane, 32, New York City FBI agent, was appointed by U. S. Dist. Judge F. Dickinson Letts. He was immediately sworn in as one of the three monitors charged with supervising a Teamsters corruption cleanup.

McShane was nominated to the post by former monitor Godfrey P. Schmidt in Schmidt's capacity as attorney for dissident rank-and-file Teamsters members. Those union members obtained the present arrangement under which Hoffa and other Teamsters leaders are serving provisionally in union office under monitor supervision.

The court also announced refusal to accept the resignation of Daniel B. Maher, Washington attorney, as the Teamsters representative on the three-man monitor group.

This blocked a move by Hoffa to put William E. Bufalino, attorney and Teamsters Union leader from Detroit, on the monitor group as Maher's successor. Maher submitted a resignation recently, pleading poor health.

Bufalino has been under concentrated fire from the Senate rackets investigating committee which inquired into Teamsters affairs.

Judge Letts disclosed that he had written Maher saying the court doesn't feel Maher's resignation can be accepted at this time. The judge also wrote Hoffa that since there is no vacancy in Maher's post there is no need to consider Hoffa's nomination of Bufalino.

How To Keep Well

TV HAZARDS

A person who sits for hours quietly in front of his television set runs the risk of developing swelling of the ankles, blood clots in the legs, or pain in the neck or tailbone. Those with heart trouble may develop chest pain, especially when the program is exciting.

These hazards are avoided by standing up from time to time and walking to the other end of the room to stretch the legs and stir up the circulation. Remove tight girdles and binding clothes before settling down to a long program.

Our English colleagues report in one London heart clinic, television is the No. 1 cause of emotionally provoked chest pain among heart victims. Westerns are the main offenders and many an oldster must clutch his chest when the fighting reaches its climax.

One old 8th army man is an exception — anginal pain occurs only when Gen. Bernard Montgomery appears on the screen. This viewer leaves the room when the pain gets too bad. The others grin and bear it or take a nitroglycerin tablet. For them the commercials are the only part of the program that are entirely painless.

Another British physician blames the slouching position of the viewer for heart trouble. He explains that the organ is pushed forward when sitting in this position, kinking the left coronary artery. This is particularly true in fat men who sit in an easy chair after eating a full meal.

The circulation to the legs is disturbed by sitting for a long time with the legs doubled or in a cramped position, especially when the edge of the chair compresses the veins and arteries. Blood in the veins may clot because of this pressure.

Dr. Meyer Naide has seen three televisionites who developed clots in a leg vein or artery after sitting quietly for an hour or more. One fell asleep with his leg thrown over the side of the sofa and another sat with the left leg tucked under her.

Dr. Van Dellen will answer questions on medical topics if stamped, self - addressed envelope accompanies request.

OPERATE ON MICE

M. L. writes: I'm nearing 60 and feel young except for mice in my knees. Half the time I can't walk because my knees catch and get sore. Is there any treatment that would help?

REPLY

If the joint mice are causing trouble, surgery should be considered. These small pieces of cartilage that have broken off into the joint cause irritation and locking of the knee and are the only mice warfarin won't destroy.

SUICIDAL ATTEMPT

S. O. writes: If a person took an overdose of aspirin (95 tablets) and went to bed not expecting to wake up, would that overdose harm the digestive system five years later?

REPLY

Not any more than that amount of aspirin could be expected to relieve his headaches for the ensuing five years.

CONCEPTION AT 42

Mrs. R. writes: What are the chances of giving birth to a normal child if pregnancy occurs at age 42?

REPLY

The chances are not quite as good as at the age 22 but the increased hazard is too insignificant to deter you from motherhood at this age.

HALITOSIS

H. W. writes: What are the causes of bad breath other than dental and sinus problems?

REPLY

Among other causes are indigestion, the consumption of highly spiced food such as onions, and smoking. Send a stamped, self - addressed envelope for leaflet on foul breath.

AGAINST AILING LSU

Unbeaten Tribe Spikemen Go After 6th Win Today

Defending Southeastern Conference track champion Louisiana State, riddled by key injuries, faces the onslaught of Northeast State and its fabled Styron twins today in a dual meet at Baton Rouge.

The Styrons, Don and Dave, co-winners of most valuable athlete awards in two previous outings this year, will lead Coach Lew Hartzog's all-winning Indians in search of their sixth team victory of the cinder campaign.

Field events for the two-way affair are scheduled to begin at 1:30 p.m. with the track card set to get underway at two o'clock.

In the midst of one of their worst track seasons in years, the Bengals of Coach Al Moreau have yet to win a meet. Last weekend in the Florida Relays Northeast ran roughshod over a field which included LSU to score an easy victory. The Tigers finished tenth and failed to win a single first place.

Unless several injuries heal in a hurry the Tigers will be competing without the services of three fine runners. Sprinter Ralph Fabian, quarter - miler Doug Constant and middle distance ace Carl Seefield are all on the doubtful list with ailing legs.

The meet shapes up as a series of individual duels between top talent on each team. Don Styron, the hurdling half of the terrific twin combo, will be meeting one of the few runners to beat him in that event, Dickie Durham.

Durham nipped the Northeast flash twice last year but trailed Styron's winning effort in the Florida classic a week ago.

If Fabian is able to compete, he'll have his hands full with Northeast's Dave Styron and Roger Beumer. Styron is unbeaten in the event this year and had a 9.4 clocking in 1959. Fabian is the defending SEC champion in the 100 and 220-yard dashes and the 220-yard low hurdles.

The battle for top honors in the pole vault promises to be a tooth-and-nail affair between Northeast John Pennel and LSU's Joe Harris. Pennel, a freshman transfer from the University of Florida, bettered the national frosh record two weeks with a 15-feet, ¼-inch effort at Chattanooga.

Harris cleared 14-6 several times last season and has a top performance of 14-7 this year.

The entry of Don Styron in the 220-yard low hurdles will put the undefeated Indian mile relay team at a big disadvantage. With the board event slated to immediately precede the mile, Hartzog plans to fill Don's spot with versatile freshman Jerry Dyes. Dave Styron will move to the anchor position with Dyes leading off.

If pre-meet plans jell, Dyes will be the busiest Indian, competing in seven events.

Northeast's top distance entry, Buddy Eiland, will be running against one of the most outstanding competitors he has faced. LSU's lenn Hartsell, who holds the state record in the mile and two mile, will furnish his chief opposition.

Southpaw weightman Hoy Rogers will be the Indians' leading contender in the shot put and discus against LSU's Ludwig Bandaries.

Despite LSU's rash of injuries, Hartzog still has high regard for the Tigers and hasn't ruled out the prospect of an upset.

If Northeast beats LSU, says Hartzog, it will be because the Indians are ahead in conditioning. Bad weather has forced the hosts to hold many of their workouts indoors.

Here are Northeast's tentative entries:

440-yard Relay — Dave Styron, Dick Hays (or Jerry Dyes), Roger Beumer and Don Styron; Mile Run — Don Eiland and Bill Frye; 440-yard Dash — Hays, Jim Mouser and Randall Walker; 100-yard Dash — Dave Styron, Beumer and Bill Koerner.

High Hurdles — Don Styron, Owen Owen and Karl Hecker; 880-yard Run — Hays and Mouser; 220-yard Dash — Dave Styron, Beumer and Gene Christen; Two-mile Run — Eiland and Frye.

220 Low Hurdles — Don Styron, Walker and Hecker; Mile Relay — Dyes, Mouser, Hays and Dave Styron; Shot Put — Hoy Rogers. James Copeland and Dyes; Discus — same three.

Javelin — Dyes, freshman Gene Harbert in his first meet and John Pennel; Broad Jump—Dyes, Owen and Christen; High Jump — Dyes and Darryl Walton; and Pole Vault — Pennel and Casey Boyett.

A DOUBLE PLAY is in the making as Pittsburgh's Bill Mazeroski leaps to throw to first base after forcing out Cardinal Ken Boyer in the third inning of a game at St. Petersburg, Fla. Stan Musial grounded to shortstop Dick Groat to start the play. (AP Wirephoto)

TWO RECORDS FALL

Tallulah Takes Mangham Meet

MANGHAM, La. (Special) — Tallulah's perennial class A track contenders won the fifth annual Mangham Track Meet here yesterday easily, scoring 78 points to 49½ for the runnerup host team.

A soggy track limited record-breaking to the field events. Two marks fell, the discus and high jump records. Tallulah's Jerry Fairbanks spun the discus 133 feet and three and one-half inches to set a new standard in that event and John Beach of Wisner high jumped 5-7 to beat the old mark by an inch. Sonny Newcomer of Delhi tied the old high jump record in finishing second.

The complete team totals were Tallulah 78 points; Mangham 49½; Crowville 40 5-6; Delhi 31; Wisner 25; Bernice 22; Central of Delhi 14¼; Lake Providence 12½; Farmerville 9; Holly Ridge 8 1-6; Southside of Monroe 5¼; Rayville 4; Sicily Island 3-4 and Gilbert 0.

Nine Left At Southern; Team Beats Grambling

GRAMBLING, La. (Special) — Southern University deccimated Grambling, 11-3, here Friday in the first game of Crusal three-game Southwestern Conference series. The two teams play a double header here Saturday afternoon at 1 p.m.

Bob Lee's defending NAIA champions scored in the first, fourth, seventh, eighth and ninth innings in recording the verdict and turn the contest into a farce after plating four runs in the initial stanza. They clubbed three Grambling pitchers almost at will, stole six bases and forced the league leading Tigers into embarrasing miscues.

Defeats Tulane

TUSCALOOSA, Ala. (AP)—Joe Sims won his third straight game for Alabama in a 10-0 Southeastern Conference baseball victory over Tulane Friday.

Sims gave up but two hits. He walked two and struck out eight. The Tulane hits were back to back singles by Pete Capdebon and Bob McCarick with one out in the second inning.

15 Working Out For Track At Lake Providence

LAKE PROVIDENCE (Special) — Track practice started last week at Lake Providence High School with fifteen boys reporting. They are Bill Burton, Leon Overby, Gene Edmondson, Gary Parker, Edwin Pinkston, Phillip Stafford, Larry Dupree, Mitchell Boyte, Frank McKaskle, Jerry Bayles, Connie Overby, Robbie Howard, Rush Hicks, John Markey, Tom Terrall.

Yesterday, April 1, the Panther track team journeyed to Mangham for the invitational meet, and will go to Tallulah on April 9 for the Delta Relays.

The squad will be led this year by Bill Burton, last year's District 2-B 220 - yard dash winner. Two years ago, as a sophomore, Bill was a member of the 440 yard relay team that won first place in the State Class A meet.

Other veteran trackmen include Leon Overby and Gene Edmondson, members of the 440 relay team that won the District race last year.

Cincinnati Blanks Yanks To Take Third Straight

REDS 3, YANKEES 0

ST. PETERSBURG, Fla. (AP)—The Cincinnati Reds, behind the shoutout pitching of Jim Brosnan, Bill Henry and Raul Sanchez, breezed to their third straight victory Friday by blanking the New York Yankees, 3-0.

The Reds clipped starter and loser Whitey Ford for a run in the third on a double by Roy McMillan and Brosnan's infield single. They added another in the eighth. Vada Pinson, after bouncing into force play, swiped second, reached third when Bill Skowron threw into centerfield and continued home as rookie Ken Hunt fumbled.

Rookie Harold Stowe forced home the final Cincinnati run in the ninth, walking pinchhitter Lee Walls with the bases loaded.

The defeat was the sixth in the last seven exhibitions for the Yankees, now 6-14.

Brosnan pitched the first seven innings for Cincinnati and allowed four hits.

Ford left the game after only three innings because of a severe head cold.

TIGERS 10, CARDINALS 5

LAKELAND, Fla. (AP) — The Detroit Tigers scored 10 runs in the third inning and coasted to a 10-5 victory over the St. Louis Cardinals Friday.

With 15 men going to the plate in the big inning, the Tigers produced their runs on seven hits, three walks and an error. Neil Chrisley and Casey Wise each had three hits for the Tigers.

Cardinal right - hander Larry Jackson was the victim as Eddie Yost, Wise, Chrisley and Kaline all singled in succession. Kaline's hit came with the bases loaded to score two runs. Charlie Maxwell forced Kaline and Steve Bilko walked to fill the bases again. Frank Bolling rapped a single to center to add two more runs.

Mike Roarke was safe when Dick Gray bobbled his grounder to fill the bases for the third time. Frank Lary forced Bilko at the plate. Yost, up for the second time, walked to force in Bolling. Wise got his second single of the inning to score Roarke and keep the bases loaded. Chrisley forced Wise with Lary scoring and Chrisley and Yost rode home on Steve Boros' pinch single for Maxwell after Kaline had walked.

Lary and Don Mossi divided the pitching for the Tigers.

Lindy McDaniel worked two scoreless innings in relief of Jackson.

FORT MYERS, Fla. (AP)—Bob Cerv hit a tie-breaking homer in an exhibition baseball game.

Cerv also accounted for the Kansas City run in the sixth that tied the score at 3-3, sending Jerry Lumpe home from third base with a sacrifice fly. Lumpe had tripled.

Dick Groat had put the Pirates ahead 3-2 in the fifth with a homer.

Bob Skinner drove across runs for the Pirates in the first and third frames with singles. Both times the scorer was Joe Christopher, who singled in the first and doubled in the third.

Kansas City got two runs in the fifth on an error by Groat and an infield out.

Tom Acker was the winning pitcher, Ed Bauta the loser.

TUCSON, Ariz. (AP) — Dick Gernert and Frank Thomas hit grand slam homers and Tony Taylor connected for another homer with two on and two out in the ninth as the Chicago Cubs beat the Cleveland Indians 13-12.

Taylor's home run in the ninth gave the Cubs their eight straight victory.

Rookie Mike De La Hoz delivered a pair of homers for the Indians and Tito Francona, John Romano and Bob Hale hit one apiece.

Hale tied the score at 10-10 with a two-run homer in the eighth and then De La Hoz put the Indians ahead with his second of the game.

Carl Thomas, Indians' rookie right-hander, stretched his scoreless inning streak to 17 before Frank Thomas connected with the bases loaded in the eighth.

Gernert homered with the bases full against Wynn Hawkins in the second.

RED SOX 8, GIANTS 6

PHOENIX, Ariz. (AP) — Haywood Sullivan drilled a two-run double in the 10th inning Friday to give the Boston Red Sox an 8-6 victory over the San Francisco Giants.

Four homers, two of them by Willie Kirkland who now leads the Cactus League with eight, did not stave off the Giants' fourth straight defeat.

In addition to Kirkland, Jimmy Davenport and Orlando Cepeda also belted homers.

Going into the third inning, the Giants held a five-run lead but the Bosox kept pecking away with one in the fourth, two more in the fifth, two in the eighth and one in the ninth and then the winning double by Sullivan.

Ironically, the victory was credited to ex-Giant Allan Worthington traded only last Tuesday to the Bosox for Jim Marshall. Worthington came on in the ninth and struck out Andre Rodgers and Willie McCovey, and then retired Marshall on a slow grounder.

In the 10th he yielded a two-out single to Eddie Bressoud and then struck out Felipe Alou to end the game.

Joe Shipley, a rookie fast-baller who has control trouble, got the loss. He was the fourth Giant pitcher. He opened the 10th and Randy Jackson singled to left. Lou Clinton was safe on a sacrifice bunt that McCovey fumbled, and Sullivan then doubled to keep right center.

MIAMI, Fla. (AP)—Al Pilarcik slammed three doubles and drove in two runs, including the decisive tally in the fourth inning off Tex Clevenger, to lead the Baltimore Orioles to a 3-2 victory over Washington Friday night in an exhibition game.

Jackie Brandt also connected safely twice in a 10-hit Bird attack against Clevenger and Dagoberto Cueto, rookie Senators' right-hander.

Washington collected seven hits off Hoyt Wilhelm, Billy Hoeft and West Stock, who checked a ninth inning Senators threat by fanning Steve Korcheck for the final out with runners on third and second base. Korcheck earlier had polled a pair of two-baggers for the Josers.

CAGE PLAYOFFS

Verbal Battles Enliven Series

ST. LOUIS (AP) — When Boston and St. Louis clash in pro basketball's championship series, smoke from verbal battles involving coaches and owners usually fills the air when the teams leave the court.

Celtics Coach Red Auerbach started the latest skirmish with a charge that 6-foot-9 Clyde Lovellette of the Hawks has been holding and grabbing Boston's 6-foot-10 Bill Russell and getting away with it.

Auerbach feels he's leading his club into enemy territory and he wants the National Basketball Assn. officials to keep a sharp eye on Clyde in the next two games of the series Saturday and Sunday afternoons in St. Louis. The best-of-7 title series now is tied 1-1.

Hawks Coach Easy Ed Macauley scoffed at Red's remarks.

"It's ridiculous to create a smoke screen like this," Ed said. "When you have two good teams such as the Celtics and Hawks, the game will be won on the floor. The refs aren't going to make any difference on who wins or loses. The officials have done an exceptional job so far in a difficult series."

Macauley looked at the scoresheet showing Russell with 40 rebounds—an NBA playoff record—plus 21 points with 3-for-12 shooting from the field. Ed asked:

"If Lovellette was doing all that holding, how could Russell come up with 40 rebounds?"

To which St. Louis owner Ben Kerner added:

"If Lovellette was holding Russell, the only one sore is Auerbach."

This is the third time in four years the Hawks and Celtics have clashed in the final playoff. Until Auerbach's blast, the verbal dueling was on a seemingly polite basis. Some of the battles in the 1957 and 1958 series were more than verbal.

In the 1957 series, won in seven games by Boston, Auerbach slugged Kerner on the jaw in St. Louis when Ben taunted him about Red's insistance that baskets be measured to be certain they were 10 feet from the floor.

In 1958, when St. Louis won in six games, a St. Louis fan ran onto the court and shouted his opinion's about Red's deportment. Red responded with a violent push which sent the fan crashing heavily onto a sideline chair. Police removed the fan from the premises.

Both weekend games are sellouts.

5,000 Meters Mark Falls In Texas Relays

AUSTIN, Tex. (AP)—Little John Macy, the Polish refugee from the University of Houston, bettered the NCAA record for 5,000 meters with a 14:25.4 performance Friday night in the Texas Relays.

Macy bettered the relays record of 15:18.1 set by Bob Buchanan of Oklahoma in 1956 and eclipsed the NCAA mark of 14:36.1 by Wes Santee of Kansas in 1952.

Bobby Morrow, the 1956 Olympic sprint champion, broke the jinx Jimmy Weaver has held over him this season, beating the former North Texas State star by an eyelash in the special 100-meter run in 10.6.

Morrow, the former Abilene Christian College ace, pulled up in the last 5 yards to barely nip Weaver, who had beaten him twice this season. Morrow ran hard into a 3-miles-per-hour head wind.

Previously Eddie Southern had started his bid for a return to the Olympics in the 400-meter hurdles with a bristling 51.0 that set a Texas Relays record.

The former Texas star bettered the record by 1.2 seconds as he won the fastest heat by 15 yards. The record of 52.2 was held by Cluff Cushman of Kansas, who did not defend his championship.

Southern was second in the 1956 Olympic Games to Glenn Davis of Ohio State.

His time Friday night in his first 400-meter hurdles since the Olympics was only four-tenths of a second short of the NCAA record but was 1.8 away from the world record held by Davis.

Split Decision

BOSTON (AP)—Muscular Dick Tiger of Nigeria ripped Argentina's Victor Zalazar with short, damaging punches for a split 10-round decision Friday night at the Boston Arena.

Both strong boys weighed 161 for the action-packed, nationally televised bout.

Tiger, the British Empire middleweight champion and eighth-ranking challenger in National Boxing Assn. ratings, finished strong with a relentless pursuit of his rugged opponent in the 10th round.

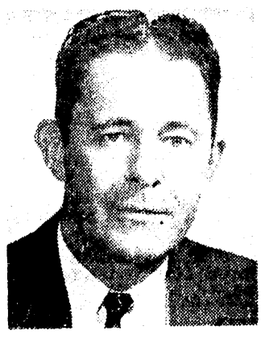
Vidalia Little League Trials Begin April 4

VIDALIA, La. (Special) —Principal Walter L. Stampley Jr. of the Vidalia High School league vice - president, announces that the trials for the Vidalia Little Baseball League will take place April 4th through April 14th.

Stampley said that the deadline for new players to register for the league which will begin its second season of organization is set for April 4th. However, those who played last year have until April 14th to register.

It was further stated that all players must be registered to become eligible to try out for the league and Stampley and other officials are encouraging parents to begin searching for their sons' birth certificates at once as the players must have these certificates in their possession when they register for the Little Baseball League in this community.



I want to take this opportunity of recommending to my friends the candidacy of Moise L. Peters for the Office of Mayor of the City of Monroe.

I am one of many who feel that Mr. Peters can best serve Monroe and its people, devoting his full time to his duties as Mayor and serving no private commercial interests.

Moise L. Peters is a man of character and integrity, known to the people of this city. He is a graduate of Ouachita Parish High School and the local College. He served more than 16 years in the Police Department, holding the final rank of Chief of Police. He knows the problems of the fine City and his fairness in administration is recognized and respected.

CONFEDERATES WIN 3RD

Holcomb Pitches, Bats Rebs Past Rayville, 5-4

By JIM CALHOUN
Staff Sports Writer

Showing mid-season form in his second start of the year, southpaw Roscoe Holcomb tossed five-hit ball and stroked a two-run homer to lead West Monroe to a 5-4 decision over Rayville here Friday afternoon.

The victory avenged a loss to the Hornets earlier this week and squared the Rebels' season mark at three wins and three losses.

Belted from the mound by Byrd in his first effort on the mound, Holcomb had his stuff yesterday. He permitted only two earned runs, five hits and fanned ten Hornets in recording his first decision of the campaign.

After Holcomb's two - run clout in the second inning had temporarily taken the sting out of the Hornets, the visitors came back with two runs in the sixth inning and had the tying run on first in the final frame.

Hodge O'Neal drew a base on balls to open the Rayville seventh. But Holcomb bore down, setting down the next two batters on strikes and getting heavy - hitting Bill Miller on an easy tapper to the mound, ending the game.

Righthander Stuart Dyer went the distance for Rayville and struck out six while issuing five free passes.

The Hornets, who suffered their second setback in four games, converted three Reb miscues and a single into two unearned runs to take the lead in the second inning.

With two runners aboard after a pair of bobbles by first baseman John Moses, Miller singled sharply to center field to send the invaders into a quick 2-0 lead.

But Holcomb, probably even more determined after his mates' errors, followed Roy Scroggins' single with a home run down the left field line in the second half of the frame to knot the count.

The Rebs' notched three more tallies in the fifth for what proved to be the deciding margin. Holcomb and Charley Dykes opened with back - to - back singles and Moses sacrificed them down. Buck Fox, one of West Monroe's top hitters last year, went down on strikes for the third time, but Billy Doerner bounced a bit off Quimby's chest at third base to score Holcomb.

Gary Fields, who along with Holcomb rapped a pair of safeties, followed with a two - run single to provide the win.

Rayville got its two earned runs in the sixth. Dyer walked and went to third on a hit by Delwyn Peters, with Peters moving to second on the throw to third.

Pinch hitting for Quimby, Larry McDonald rammed a single into right field to score Dyer and Peters. Fields picked McDonald off first with a fine throw and Holcomb slipped a third strike past Frank Ellis to end the stanza.

Shortstop Don Schanks turned in the outstanding play for the listless West Monroe defense when he hauled in Miller's high popper in the fifth inning with his back to the plate. The sparkling catch retired the side and left a runner stranded on second.

Holcomb pitched near - perfect ball for four innings, allowing only two balls to be hit out of the infield.

JERRY ROUSE is scheduled to pitch the first game when Northeast meets Southeastern in a twi-night doubleheader at Hammond today. The righthander had a 5-2 record last year. An ex-Mississippian, Rouse now lives in West Monroe.

FIRST GSC GAMES

Tribe Baseballers Invade Southeastern For Couple

Northeast's ambitious baseballers invade Southeastern, the trial horse of the Gulf States Conference, today for a twi-night doubleheader, anxious to better rival Louisiana Tech's showing.

Today's first game starts at 5 p.m. at Hammond.

Defending GSC champion Tech opened its conference season by blanking Southeastern's Lions, 3-0, Thursday behind lefty Sonny Parker. Hoping for similar success, Northeast Coach George Luffey will start veteran righthander Jerry Rouse and freshman southpaw Jerry odwin in today's games.

Tech, Northeast and McNeese were rated tri - favorites for the league crown in a pre - season poll of GSC coaches while Pat Kenelly's SLC club was only a point behind.

Northeast, 2-1 for the season, will take on Northwestern at Natchitoches Monday in its next conference action.

Rouse was the Indians' top righty last year, compiling a 5-2 mark. One of his triumphs was a sparkling three - hit, 2-1 nod over the Lions. He was beaten, 4-1, in his only previous start this spring against Mississippi Southern.

A high school sensation at Shreveport's Byrd, Godwin started Northeast's first game of the season against Oklahoma Baptist and went five innings, giving up four hits and three runs. Godwin is a lefthander.

Luffey will probably start his all - GSC catcher, John O'Conner, behind the plate in the first game with either Ralph Ward or frosh Jerry Miller, probably Ward, to catch the second contest. O'Conner is currently the Indians' top stickman with 2-3, one a homer.

The Tribe will start a veteran infield except for third baseman Levy Redden, a footballer giving college baseball his first try. Slick - fielding George Bryan will be at first, Eddie McGowan at second, Phil Petras at short and Redden on the hot corner.

Transfers Bryan Blevins and Mickey Yerger will be in right and center respectively and expitcher Louis Kincaid or rookie Ken Saterfield will hold down left.

Southeastern has a well-experienced club that could go places in the conference race if some untried pitchers come through. The Lions have one experienced catcher, three experienced infielders and three tried outfielders.

Infielder Sheldon Fernandez is the club's top hitter, batting .350 last year, one of the highest averages in the conference. Senior John Dayries is the outfield's best batsman, compiling a .302 mark last year.

Kenelly can call on only two experienced pitchers, Bob Hardy and Roland Oubre, both sophs. Hardy lost to Tech Thursday and Oubre will probably hurl one of the games against Northeast today. Oubre had the best record of the returning hurlers last year, winning four and losing three.

WEST, OSCAR STAR

NCAA All-Stars Trounce Akron

By FRANK PITMAN

DENVER (AP) — All-Americas Oscar Robertson and erry West gunned the NCAA University All-Stars to a 103-88 victory over Akron's AAU team in the U.S. Olympic basketball trials Friday night.

Robertson, scoring 29 points, and West 22 kept California Coach Pete Newell's team in front all the way in the foul-strewn contest.

West, Robertson and Darrall Imhoff of California pushed the collegians to a 10-point lead in the first seven minutes and with help from Jim Darrow of Bowling Green were in front 37-21 with six minutes to go in the first half.

Dick Boushka, Akron's top scorer with 19, and George Sawyers rallied the AAU crew within six points at 46-40 but Darrow and Terry Dischinger of Purdue pushed the Stars ahead 50-41 at halftime.

Boushka, 6-5 former St. Louis University star, teamed with Johnny Cox to pull Akron within seven points early in the second half.

But Robertson and West poured it on midway of the session to run the collegian margin to 17 points, and the Ohioans, runner-up to AAU champion Peoria, never came closer than 11 points the rest of the way.

The All-Stars lost three players, Dischinger, Imhoff and Jay Arnette of Texas, on personals in the final six minutes.

Robertson and West carried four fouls against them in the closing minutes. There were 41 penalties whistled against the collegians, 32 against Akron. Stan Kernan went out with 11 minutes to play and Nick Revon departed with 1½ minutes left for the Ohioans.

Walt Bellamy, Indiana's 6-11 giant, proved an adequate reliever for Imhoff and blocked several Akron shots. He and Imhoff picked off 10 rebounds each for the collegians, while 7-3 Wade Halbrook snared 11 for the losers.

In earlier games matching Thursday's losers, Ohio State rallied to beat the NCAA All-Stars 89-79 and Bartlesville, Okla. beat the Armed Forces All-Stars 88-77.

The NCAA College Stars, trailing midway in the first half by 19 points, got their long shots working and pulled up to within two points at 59-57 but got no closer.

Ohio State's John Havlicek and All-America Jerry Lucas proved the difference. Havlicek sank 26 points, high for the game, and Lucas grabbed 22 rebounds and made 15 points although he sat out 10 minutes the second half. Wayne Hightower, 6-9 center from Kansas, topped the All-Stars with 14.

The Armed Forces-Bartlesville game was strictly no contest from the beginning. Phil Murrell, former Drake University star, scored two field goals that gave the Oklahomans a 4-1 advantage they never relinquished.

Burdy Haldorson, 6-foot-6 inch onetime Colorado star, scored 17 points for Bartlesville, and teammate Jerry Shipp, formerly of Southwest Oklahoma State, picked up 15. Scoring honors, however, went to the Armed Forces' Jim Smith with 18.

Tech Netters Open Season With Victory

RUSTON, La. (Special) — Louisiana Tech successfully opened the 1960 tennis season by defeating Southwestern Louisiana Institute, 5-2, here Friday. The Techsters won the contest by taking three singles and both doubles matches.

Next action for the Tech tennis team will come at Shreveport Tuesday when the Bulldogs meet Centenary College.

A summary of the Tech Southwestern match follows:

Thay Butchee Tech, defeated Ferdie Heber, SLI, 6-1, 6-4.

David Reeder, Tech, defeated Bob Lang, SLI, 6-4, 6-2.

Reggie Lirette, SLI, defeated Bill Miller, Tech, 6-2, 6-3.

Jim Kreamer, SLI, defeated Jerry Malone, Tech, 6-1, 6-1.

Danny Eaves, Tech, defeated Frank Minville, SLI, 6-3, 2-6, 7-5.

Buthcee and Reeder, Tech, defeated Hebert and Lirette, SLI, 7-5, 7-5.

Miller and Malone, Tech, defeated Lang and Kreamer, SLI, 6-2, 5-6, 5-7, 6-3.

Warfare Out, Derby Odds Reshuffled

CALIENTE, Mex. (AP)—Considerable money went down the drain in the Caliente future book Friday when Warfare was declared out of the Kentucky Derby.

Operators of the book, legal in Mexico, declined to reveal the amount or estimate the sum bet on Warfare before the news came from New York.

Admittedly, there was lively betting on Warfare when the book opened March 18. The odds were 5-1. They dropped to 4-1 the following week.

There was much action when Warfare won the Swift Stakes at Aqueduct last Saturday but the odds remained at 4-1, second choice to Tompion's 7-2.

The odds on Tompion dropped to 5-2 after word was received that Warfare had been scratched.

Bally Ache replaced Warfare as second choice at odds of 5-1. Third in the book's reshuffling were Flow Line, Eagle Admiral, and Victoria Park at 10-1.

Handbook operators at Las Vegas, Nev., where gambling is also legal, said no future book is made there on the Kentucky Derby.

Rain Delays N.O. Tourney

NEW ORLEANS (AP)—Heavy rain Friday washed out the second round of the New Orleans Country Club invitational golf tournament.

The second round of the 72-hole tournament was reset for Saturday with a 36-hole final on Sunday.

Nine threesomes had completed play when the course became unplayable. One of the best rounds was a one-over-par 72 by defending champion Jim Mangum.

Miss. State Netters Blank Bengals, 9 To 0

BATON ROUGE (AP)—Manuel Garcia led Mississippi State's tennis team to a 9-0 victory over Louisiana State Friday. Garcia topped Les Nicholson 3-6, 6-2, 6-3 in the No. 1 singles.

Summary

Manuel Garcia (MS) beat Les Nicholson 3-6, 6-2, 6-3.

Mario Lemus (MS) beat Jack Green 7-5, 6-0.

Johnny McAnulty (MS) beat Jim Walthall 2-6, 6-2, 6-2.

Elis Shaubueza (MS) beat Pat Rickey 6-3, 6-2.

Joe McAnulty (MS) beat Dick Crowell 6-1, 6-4.

Tommy West (MS) beat Howard Dumont 7-5, 6-3.

Garcia-Shaubueza beat Nicholson-Dumont 7-5, 10-8.

John McAnulty-Lemus (MS) beat Green-Rickey 6-0, 0-6, 6-3.

Davis-West beat Peter Gaskin-Crowell 6-3, 6-3.

WEST MONROE, NEVILLE

Local Trackmen To Open Season

Two local schools open their track season by entering teams in the annual Fair Park Relays in Shreveport today but most of the athletes will be going along just for the ride.

West Monroe and Neville will enter boys in several events at the big Shreveport meet but only Neville javelin star Joe Cage and a couple of weightmen. West Monroe's Larry Danna and Neville's Mickey Cox are expected to pick up many points.

Both George Davis and Neville and Pat Riser of West Monroe are fielding only their second more or less official track teams. Track, long neglected in the Twin Cities, is experienced a rebirth partly because of Northeast's success but none of the local teams is yet in the class with the Shreveport schools.

Bob Ellen and Pat Patterson are currently coaching Ouachita's trackmen but the parish school is not expected to compete in the sport until the Neville meet April 13, according to Patterson.

Neville is the only high school in the Twin Cities with a track.

Cage, state class AA record holder in the javelin, is currently hampered by a shin splint, according to Davis, and has been hitting around 180 feet with the spear in practice. He'll compete in the javelin but not on the relay teams. Cox is the district 2-A shot champ and could pick up some points in that event as well as the discus.

"We have a long way to go," Davis said of his team. "Cage and Cox will do all right in their specialities but we're not outstanding in the other events."

West Monroe will take a small team to Shreveport with shot putter Larry Danna and sprinters Jimmy and Charlie Vanzile considered the top Rebel entries.

"Danna is our best bet for points this year," says Coach Riser. "He's been tossing the shot 44 and 45 feet this spring. Charlie Vanzile is a good prospect in the 100 and 220 but he's only a freshman. Jimmy Vanzile won the Twin Cities 440 last year and has been running the distance in around 55.2 this spring."

Entries from the two schools:

100 — Dooley Haddad and Devone Payne of Neville; Charlie Vanzile of West Monroe.

220 — Vanzile; Bunsy Bryant and Mile Wilson, Neville.

440 — Jimmy Vanzile, West Monroe; Jim Love and Jimmy Howard, Neville.

880 — Ronald Killen and Beverly Franks, Neville; Tommy Underwood, West Monroe.

Mile — Ricky Futch and Gerald Huey, West Monroe; Killen.

Shot Put — Danna; Cox and Jack Burton, Neville.

Discus — Billy Handock, West Monroe; Cox and Payne.

Javelin — Cage, Hancock.

Broad Jump — Don Brant, Neville.

High Jump — Richard Olson, Neville; Ronnie Farmer, West Monroe.

180 low hurdles — Joe Turner and Brant, Neville.

440 relay — Charlie and Jimmy Vanzile, Woody Woodcock and Don Harrel, West Monroe; Brant, Bryant, Wilson and Haddad, Neville.

880 relay — Brant, Turner, Bryant and Haddad; Vanzile, Woodcock and Harrel.

Mile relay — Haddad, Robert Bryan, Howard and Love, Neville.

Fair Park Rips Bastrop Nine, 8 To 0

BASTROP, La. (Special)—Fair Park's brilliant portsider, Sammy LaDatta, blanked Bastrop on one hit as the league - leading Indians took an 8-0 victory here yesterday, their third without a loss in district 1-AAA.

LaDatta fanned 11 and walked only three in chalking up the victory, marred only by Gary White's single in the fourth.

Paul Solice, Jim Keeth, Buddy Worthington and Phil Johnson paced Fair Park's ten - hit attack off starter Floyd Murry and reliefer Ronnie Price with two safeties each. All - state third baseman Solice's blows were a double and one - on homer.

For the season, Fair Park is 3-1. Bastrop stands at 2-3 overall and 0-3 in the district.

COLE MEDALIST

Southern Golfers Nip Indians, 10-8

Mississippi Southern golfers, led by Roy Smith and Lonny Cleveland, forged from behind Friday to hand Northeast Louisiana State linksters their first defeat in a dual match this season.

Clayton Cole, Northeast's freshman ace, took medalist honors with a 33-35—68 in the 18 - hole Nassau match on the par - 70 Bayou DeSiard Country Club course. The team of Cole and his fellow freshman, Jim Harper, took a comfortable 7-2 point victory over Mississippians Walter Love and Robbie Webb to remain defeated as a team.

Smith and Cleveland were behind the Northeast team of Larry Tilley and Gene Adams after six holes, but the Mississippians pulled ahead to take an 8-1 point win.

That was enough to give Southern a 10-8 win over Northeast.

Before Friday's match Northeast had bested good teams from McNeese State College and Louisiana Tech.

Here is the rundown:

Northeast's Harper shot a 38-34—72 to defeat Love, who fired a 36-37—73, for a 2-1 point win. Cole from Northeast fired a 33-35—68 to down Webb, who shot a 35-35—70, for a 2½-½ point victory.

The team of Harper and Cole won a 2½-½ triumph over Mississippi Southern's team of Love and Webb.

Mississippi Southern's Smith shot a 39-36—75 to beat Tilley's 38-40—78 for a 2-1 point win. Southern's Cleveland fired a 37-38—75 to defeat Adams' 39-40—79 for a 3-0 victory.

The team of Smith and Cleveland defeated Northeast's Tilley and Adams by a 3-0 score.

Under Nassau match play each of the four individual golfers on a college team can amass three points for his college and each two - man team can win three points for the school. That makes a total of 18 points.

Southern's 10-8 victory was by the same score that Northeast downed Louisiana Tech Tuesday. Earlier Coach Bob DeMoss' crew had taken a 12-6 victory over McNeese.

Northeast's next outing is against Tulane University in Monroe next Friday.

Nips LSU, 6-5

STATE COLLEGE, Miss. (AP)—David Parvin homered in the 10th inning to send Mississippi State to a 6-5 victory over Louisiana State Friday in the opener of a two-game baseball series.

LSU went ahead 5-4 in the seventh when Cary Guglielmo scored on an error by Parvin. Mississippi State tied the game in the ninth on Johnny Cantrell's single scoring Frank Hair.

Fine Showing This Spring Makes Sox Heavy Choices

By MILTON RICHMAN

SARASOTA, Fla. (UPI)—Nothing can shake Al Lopez' conviction that the White Sox will win again and a look at all the teams in Florida brings the realization that nothing should.

Spring exhibition games mean little as a general rule and no one really can tell much from them. Even with that being the case, the long and short of the matter is that the White Sox look to be by far the finest club in Florida. And that includes both the American and National Leagues.

Manager Al Lopez doesn't hem and haw a minute.

"I think the White Sox will win," he says.

Privately, most rival A.L. managers feel the same way.

"Last year," Lopez explains, "they called us a bunch of Punch-and-Judy hitters because we won so many games by one run. We have much more power now with Minnie Minoso, Gene Freese, Sherm Lollar and Ted Kluszewski. Out pitching should be even stronger than last year.

"If anyone gives us trouble, it probably will be Cleveland. The Yankees? I don't rule them out by any means. I think they have a lot of 'ifs', though."

The White Sox have none, or at least no apparent ones.

Their infield is set with Kouszewski at first; Nellie Fox, the league's Most Valuable Player in 1959, at second; Luis Aparicio still making those impossible plays at shortstop, and Freese, a long-ball hitting acquisition from the Phillies, at third.

There's no problem in the outfield, either, with Minoso in left, fleet, sure-handed Jim Landis in center and Al Smith in right.

Lollar heads a three - man catching staff which also numbers Earl Battey and Dick Brown obtained from Cleveland.

In the pitching department, Lopez has 22-game winner Early Wynn, Dick Donovan, Billy Pierce Bob Shaw and Barry Latman as five certain starters and such fine relievers as Gerry Staley and Turk Lown.

There is a good possibility that left-handers Frank Baumann, who was 6-4 with the Red Sox last season, and Don Ferrarese, 5-3 with the Indians, also will be kept. That still leaves veterans Ray Moore and Mike Garcia.

Lopez is well fortified on the bench also.

Earl Torgeson is ready to take over at first base if big Klu needs a rest, Billy Goodman can play any of the infield positions and Sam Esposito isn't another Aparicio, but he isn't going to louse up your ball game any time you have to put him in.

Joe Hicks, a left-handed hitter who batted .315 at Indianapolis last season and smacked 11 home runs, is bidding for one of the extra outfield jobs. Jim McAnany, Jim Rivera and Harry Simpson, who can also handle first base, are the other outfield availables. If Hicks makes it, some of the other three will go.

Some critics feel the White Sox may have hurt themselves in the long run by giving up such players as John Callison and Bubba Phillips during the winter to obtain Freese and Minoso.

"I say worry about this year first," Lopez replies to those viewers - with - alarm. "Besides, what ever gave anyone the idea Freese is an old man? He's only 26. That isn't old in my book. And as for Minoso, he's 36, but I think he'll still be able to bounce around pretty good 10 years from now. From what both of these fellows have shown me this spring, I'm mighty happy we made those deals."

Minoso took his own sweet time about signing this spring, as he usually does, then reported in perfect condition, also per custom, and promptly began pounding the pitchers.

"I glad White Sox breeng me back," Minnie says. "Thees club gonna win again, buddy."

It looks more and more that way.

FIVE STROKES

Nieporte Boosts Lead In Azalea

By KEN ALYTA

WILMINGTON, N. C. (AP) — Tom Nieporte shot a 4-under-par 68 Friday to boost his lead to five strokes after 36 holes of the $15,000 Azalea Open Golf Tournament.

The Bronxville, N. Y., professional's total was 132 against 137 for runner-up Dow Finsterwald of Tequesta, Fla., whose 66 was the best round of a day that produced 25 sub-par rounds and 12 even par.

Most of the other first round challengers fell off their first day pace with the result that Nieporte picked up two more strokes on the field although losing a couple to Finsterwald.

A score of 149 was the cut off point for the 63 pros heading into the last 36 holes Saturday and Sunday.

Gay Brewer Jr., of Crystal River, Fla., held third place at 138 after a 71 Friday.

Tied at 139 were pros Dave Ragan, Orlando, Fla.; Ed Oliver, Denver, Jerry Barber, Los Angles, and Jerry Pittman, Tulsa, Okla.

Nieporte, 30 - year - old former NCAA and All-Army champion, again held a hot putter, although his iron play was not as sharp as in the first round. He had nine 1-putt greens and 27 putts in all. He took 24 and had 12 1-putters in his first round. He hasn't 3-putted in either round.

His steady play has produced 14 biridies, 20 pars and only 2 bogeys. Referring to his iron play he said, "I wasn't putting the ball as close to the hole today. Tough pin placements had something to do with it, but my iron play wasn't sharp."

Nieporte, whose Akron, Ohio victory last summer is his only major circuit triumph, had a 35-33 card over the 6,825 Cape Fear Country Club course.

Finsterwald, who had a shaky outgoing 69 in the first round, had a pair of 33s marked by eight 3s, four in succession starting at the fifth. On the sixth he scored an eagle 3 on a 20-footer after a No. 4 wood to the green. He had four birdie putts of from 15 to 35 feet. A missed green on No. 17 gave him his lone bogey.

Olson's Plans For Comeback Come To Halt

PORTLAND, Ore. (AP)—Bobo Olson's plans to make a ring comeback in Portland came to a halt Thursday night without a blow being struck.

The Portland Boxing Commission withdrew approval for two Olson fights, scheduled to take place with Olson under the direction of his former manager, Sid Flaherty. Olson formerly was middleweight champion.

The commission took the action after being told that California manager, Billy Newman, holds an exclusive contract with Olson through June 4.

Commissioners said there still is a chance Olson could get cleared for the bouts. Newman indicated he would be willing to let Olson fight if Olson will pay him $3,938 which he said was a personal debut by Olson, commissioners said.

Olson is under suspension in California for walking out on a scheduled bout with Spider Webb. The Portland Commission nevertheless had earlier cleared Olson for bouts against Roque Maravilla in May against Webb.

of Boise here April 7 and another

Only Thursday in Johannesburg, a South African promoter said Bobo would meet Mike Holt, the South African light heavyweight champion, at Johannesburg, April 23. The Promoter said contracts had been mailed to Olson for his signature.

Negro Named Co-Captain Of N.C.S. Team

RALEIGH, N.C. (AP)—A Negro youth, Irwin Holmes, has been elected co-captain of the tennis team at North Carolina State College. He becomes the first Negro ever to be co-captain of a varsity team in any sport in the Atlantic Coach Conference, composed of Southern schools.

Young Holmes, now playing his third year on the team, was elected in a secret ballot by squad members last week. He and James Spence of Greensboro got the same number of votes. So they were named co-captains.

Tennis Coach John F. Kenfield said Friday he was pleased at the election.

"He's a fine boy, and I've enjoyed working with him."

Kenfield said Holmes, who is due to graduate from N.C. State this spring with a civil engineering degree, is a better than average student.

Holmes plays the No. 5 position on the Wolfpack team, and last year had the squad's best record. He's off to a poor start this year, having lost all three of his matches. Kenfield hopes he'll do better the rest of the season.

Kenfield said his players get along very well together.

"The other boys all root for Holmes when he's playing, and he roots for them," he added.

Having a Negro on the squad, Kenfield said, has presented no problems except in playing the two Atlantic Coast Conference teams from South Carolina—Clemson and the University of South Carolina.

He said Holmes is not allowed to play in that state under state regulation. This difficulty has been resolved by having Clemson and South Carolina come to Raleigh when the schedule calls for matches at either school.

"I wouldn't go down there without him," said Kenfield. "So, they agreed to come up her instead."

Offense Poor In Ferriday Grid Contest

FERRIDAY, La. (Special) — As had been expected by the student body and coaches as well as followers of the 1960 edition of the Ferriday Bulldogs, the annual FHS intrasquad game here Tuesday night failed to show a high scoring eleven.

The two evenly matched Orange and Blue squads ended spring training as the sophomore - packed Oranges nosed out the battling Blues by a narrow 6-0 margin. John Richie, Orange quarterback made the lone touchdown from three yards out late in the third period of the tight tilt.

Although the rival squads lacked offensive power and drive, both showed dauntless spirit on defense as they battled on even terms for two periods after the opening kickoff.

Head Coach Doug Watkins, who had expected an offensive battle, didn't seem too well pleased over the lack of scoring powed displayed. However, he and his aides, "Moose" Matulich and Eddie Hunter, thought the players on both teams showed wonderful defensive tactics throughout.

The outstanding offensive performer for the victorious Orange men was halfback Dennis Jones as he reeled off continued gains of 15 and 20 yards before the small crowd attending the annual contest.

Also outstanding was 14-year-old fullback Donald Jeter who looked like a ball of fire in the Orange backfield and seems destined to draw a starting slot when the Bulldogs get into real action. Watkins pitted his "B" team against the choice "A" squad and the "A"'s found their opponents too rough and ready as the half ended 0-0.

Stick outs in the game included returning starters, Vernon Alford at end and Jimmy D. Robbins at guard for the Blues while Ray McCollum covered his defensive secondary in a flawless manner. McCollum handled the ball well as field general of the Blues, but didn't do so well getting off his passes, and had several intercepted.

Despite the low scoring intrasquad contest, terminating several weeks of spring training, the Bulldogs have plenty of talent on hand, and they should make a favorable showing when the regular season gets underway in September. However, no one here is very optimistic at present after Tuesday's tilt.

Wilt Returns To 'Trotters For Exhibition

CHICAGO (AP) — Wilt Chamberlain returns to the Harlem Globetrotters Saturday night in an appearance which probably will pack a capacity 18,000 into the Chicago Stadium.

Chamberlain, who last week jolted the National Basketball Assn., by announcing he was quitting the Philadelphia Warriors will be the big attraction in the 21st annual All-Star Game of the Chicago American.

Owner Abe Saperstein of the Globetrotters, a part-owner of the Warriors, said he will confer with Chamberlain some time Saturday concerning the 7-foot, 2-inch star's future plans.

Chamberlain played with the Globetrotters last year before he joined the Warriors, who drafted him as a former Kansas sensation.

Wilt has denied that he plans a permanent stay with the Globetrotters, who paid him a reported $60,000 last year.

Chamberlain leads the Trotters against a band of 1960 collegiate stars directed by Coach Ray Meyer of DePaul. The college crew includes Bobby Joe Mason of Bradley, Notre Dame's Emmett McCarthy, Iowa's Mike Heitman and Michigan Capt. Terry Miller.

Kids Talk Too Much, Champs Are Bounced

HIGHWOOD, Ill. (AP) — Kids talk too much, so Puerto Rico's national champion, Sigma Fi of San Juan, Friday was disqualified in the International Little Guys Basketball Tourney.

The tourney for kids 12 years old and under, standing 5 feet or less, was headed for Friday night's semifinal round when a couple of Sigma Fi stars were overheard blabbing they also were going to play in the rival Biddy League's national meet next week in Bridgeport, Conn.

This set Little Guys Commissioner Don C. Skrinar into awhirlwind of motion, including telephone calls to a San Juan newspaper, and the commissioner of the Biddy League.

Alas, and alack, it was only too true that Rey Irizrry and Rene Ramos, a pair of little Puerto Rican deadeyes, were booked to play in the Biddy tourney.

Furthermore, two other Sigma Fi Aces, Antonio and Juan Ramos, during the regular season had alternated their services between the Little Guys League and the Biddy League in Puerto Rico.

All of this violated the Little Guys code which states a boy can play in only one national boys basketball program in a season.

"It's a horrible situation," said Skrinar, "but there is nothing I could do but declare Sigma Fi ineligible." A tourney record triumph (69-23) over Racine, Wis., and a 59-54 victory over Indianapolis by Sigma Fi were disallowed.

Now Indianapolis will meet defending champion San uan YMCA in semifinal play. The other semifinal Friday night matched Highwood, Ill., and Jefferson Parish, La.

'LET DRESSEN POP OFF'

Haney Unruffled By Chuck's Talk

By BOB MYERS

LOS ANGELES (AP) — Fred Haney, just back from a trip to Europe, simply can't be bothered about anything said by Charley Dressen, his successor as manager of the Milwaukee Braves.

"What the hell," the amiable but sharp-tongued Haney said Friday, "let Dressen pop off."

Haney much preferred to talk about his new and lucrative job as a television commentator for the National Broadcasting Co. weekly baseball telecasts.

He was also enthused about the clinics he and his new TV sidekick, Lindsey Nelson, conducted the past month for our soldiers in Germany, and the morale job the Army is doing for the troops.

A resident of Los Angeles since boyhood, Haney indicated he was more amused, in a dry sort of way, with some of the cracks attributed to his fellow townsman, the outspoken Mr. Dressen.

Dressen has been quoted as saying the Braves lacked spirit, coaching and the pitchers were used improperly, among other items.

Haney recalled that Dressen rushed up to him at a function this winter to deny he had said something he supposedly said that reflected on Fred.

"I told Dressen I couldn't care less what he said or didn't say," said Haney, chuckling.

He did bristle abit at a report that big Bob Buhl, a Milwaukee pitcher, had complained he received no coaching on how to bunt during the Haney regime.

"Personally," said Fred, acidly, "If I'd been playing baseball 14 years I'd be ashamed to admit I never learned how to bunt."

Haney's position apparently is that his record as pilot of the Braves in 1957-58-59 speaks for itself. The Braves won two National League pennants and one World Series (over the Yankees) and came within a whisper of winning the third pennant in 1959.

Haney begins his TV career April 6. He'll handle the game between Cincinnati and Pittsburgh, the latter being the club he managed in 1953-54-55 before escaping to land eventually at Milwaukee.

Haney made it clear he will do no second-guessing at the mike.

"I told Tom Gallery (NBC sports director) that if they were looking for a controversial broadcaster, I was not their man," Haney said. "I'll say just what I see on the field."

Leo Durocher worked for the network last year, doing the color. Haney, however, will share the play-by-play and color with Nelson.

Haney is no stranger before a microphone. He was voted honors as the radio broadcaster for the Los Angeles and Hollywood teams of the old Pacific Coast League in a span from 1943 to 1948.

How does he pick the pennant races this year?

"I don't know the American League well enough to say anything. And anyone who tries to pick the winner in the National League ought to have his head examined," concluded Haney.

GOLFERS AT HOME

Three Tech Teams See Action Today

RUSTON, La. (Special) — Three of Louisiana Tech's spring sports teams will see competition this Saturday, one at home and two on the road.

The Bulldog golf team will play host to Mississippi Southern in a tilt slated for the Ruston Country Club course.

The Canine baseball and track crews will be heading for Natchitoches this Saturday. Tech will face Northwestern State in a Gulf States Conference baseball doubleheader while the Bulldog thinclads are to tangle in a quadrangular meet with McNeese State, Stephen F. Austin and Northwestern.

Tech's golfers will be seeking their second win of the season at the expense of the visiting Mississippi Southern linksters. The Bulldogs opened the season last week with a 17½-½ win over Centenary College but dropped a 10-8 contest to Northeast State at Monroe Tuesday.

The golf match with the Mississippi team will be a six man contest. Recent challenges by members of the Tech squad has brought some shifting of positions. Roy Nash has moved into the fourth place spot in place of Don Goodspeed and there is a possibility that Saturday will find Roy Pace playing in the number two spot in place of Joe Thomas.

Tech's golf team on Saturday in the Mississippi Southern tussle likely will lineup in the following order Jerry Gulledge, Roy Pace, Joe Thomas, Roy Nash, Don Goodspeed and Jimmy Paul.

Defending champions of the Gulf States Conference, the Bulldog baseball team got the season underway by winning six straight non - GSC tussles. The Tech nine opened league competition Thursday at Hammond in a tilt with Southeastern Louisiana.

In the four - team meet at Natchitoches Saturday, Tech's track team will be seeing action in its fourth event this season. The Bulldogs won the college division of the Shreveport Relays, took a duel meet with University of Miami and captured sixth in the highly competitive Florida Relays.

Tennessee Grid Captain Suffers Injured Knee

KNOXVILLE, Tenn. (AP) — Mike LaSorsa, captain of the 1960 Tennessee football team, suffered a knee injury Friday during the Vols' fifth scrimmage of spring practice. He was hospitalized at the university for observation.

"It could be serious," trainer Mickey O'Brien said of the injury. He added that it was too early to tell its extent.

LaSorsa, 187-pound junior from Hudson Falls, N.Y., has been counted on for a starter's role at left end next season.

W. Virginia Offers Negro Athlete Aid

MORGANTOWN, W.Va. (AP)—Art Lewis, head football coach at West Virginia University, confirmed Friday that an athletic scholarship has been offered to a Nego standout from Clarksburg.

The boy who might become West Virginia's first Negro scholarship athlete is 220-pound Eugene Donaldson of Clarksburg Washington Irving High School. Donaldson, 17, is 6-2. He played fullback on offense last fall and was a defensive end as team compiled a 9-1 record.

Coach William Moore replied, "That's the thing we're sort of hoping," when quizzed if West Virginia showed interest in his star gridder.

Lewis said at his home here that Donaldson has been offered a scholarship. He saw him play and liked what he saw. Lewis said he would not be able to say now where he would play the big Clarksburg boy.

Race Resolution Laid Aside By Calif. Committee

SACRAMENTO, Calif. (AP) — The Senate Rules Committee has shelved an Assembly-adopted resolution urging the University of California and state colleges not to schedule athletic games with schools which practice racial discrimination.

Chairman Hugh M. Burns declared when the resolution came before the committee Thursday:

"We've told everybody who they can hire and who they can buy from. Now we want to tell the kids who they can play ball with."

The only real tire *value* is the tire that fits *your* kind of driving. And...

buying the right tire is as easy as B-F-G

For heavy driving—
buy the premium-quality
B. F. Goodrich "HT."

Even some tires costing $75 don't have a tread as wide and deep as the new B.F. Goodrich "HT"! This oversize tread, on top of an extra-strong nylon-cord body, is why the "HT" gives you 22% more mileage than regular first-quality tires. Yet the "HT" costs only about $3 more! If you pile up a lot of mileage on the thruways and other superhighways—you need the new "HT".

$24.60 6.70-15 or 7.50-14 BLACKWALL TUBELESS
Plus tax and your retreadable tire

For light driving—
you can save on the economy-type
BFG "Safety-S."

If most of your driving is just around town, you can get along with an economy tire like the B.F.Goodrich "Safety-S". It has a 7-rib safe-stopping tread, but the body's not as rugged as our first quality tire. The "Safety-S" is fine for driving stop-and-go on around-town errands, but we don't recommend *any* economy tire for steady highway travel.

Plus tax and your retreadable tire

For normal driving—
you need the first-quality BFG
"Silvertown."

If you're like most drivers, you make hundreds of short trips around the city and a few long ones each year—you need the B.F.Goodrich "Silvertown". This is the tire automakers tested and chose for the 1960 cars. Its new "Quiet Rubber" tread takes the hum out of highways and the squeal out of corners, gives you the smoothest ride ever.

Bride-Elect Honored With Series Of Parties

Miss Mildred McKnight, before her marriage Thursday to C. F. Windham of Shreveport, was feted at several parties. Miss McKnight is the daughter of Mr. and Mrs. Joseph R. McKnight of West Monroe, while Mr. Windham's parents are Mr. and Mrs. B. Windham of Nacogdoches, Texas.

The Paragon Club was the setting Saturday at noon when Miss May Marston and Miss Mamie McNeill hosted a luncheon honoring Miss McKnight. For the occasion, the honoree wore a white, tucked sheath and a yellow carnation corsage, a gift of her hostesses. Miss Marston and Miss McNeill also presented the guest of honor with a gift of silver.

Invited to the luncheon were Mrs. Joseph R. McKnight, Mrs. Charles Shaver and Mrs. J. C. Windham of Shreveport, Mrs. Jack Singley, Mrs. J. M. McDade and Mrs. F. W. Dawson.

Pink carnations and camellias filled the living room in the home of Mrs. Paul Schmidt when she entertained at a miscellaneous shower honoring Miss McKnight on Wednesday of last week.

In the dining room, white tulle over a green cloth covered the bride's table, which was centered with a white floral arrangement flanked by white tapers in silver candelabra.

Dressed in blue embroidered linen, the honoree was presented with a corsage of white calla lilies and Fujii mums.

Thirty guests attending the evening party.

BRIDAL PARTY

Another compliment to Miss McKnight was a miscellaneous shower given by Mrs. J. M. McDade at her home on Milton Street on Monday of last week. The honoree was presented with a pink camellia corsage and a gift of china in her chosen pattern, by her hostess.

Among those invited to the party were Mrs. J. R. McKnight, Mrs. Jack Singley, sister of the honoree, Mrs. M. P. Kutz, Mrs. M. A. Kutz, Mrs. Tony Lasuzzo, Miss Frances Zagone, Mrs. E. F. Kenny, Miss Leona Biggar, Mrs. L. G. Clement and Mrs. C. J. Marchese.

Afternoon Tea Given For Miss Harriet Smith

Miss Harriet Smith, bride-elect of Bernard Frazer of Warren, Arkansas, was complimented last Saturday with an afternoon tea, at the home of Mrs. Joe Coleman. Co-hostesses wth Mrs. Coleman were Mrs. Grady A. McDuff and Mrs. George Riser.

Guests were greeted by the honoree, her mother, Mrs. Harold J. Smith, the prospective bridegroom's mother, Mrs. Elbert Frazer, and Mrs. Coleman. For her party, Miss Smith wore a deep blue crystalline satin dress with matching slippers. Her corsage was of white ranunculus.

Pink and white were used throughout the reception rooms of the Coleman home, accented by an arrangement of pink daisies and baby breath on a large table in the living room.

Miss Rosa Belle McDonald and Mrs. Joe Halbach alternated at the coffee service in the dining room, where the table was brightened with white stock and baby breath in a silver looted bowl. Silver candlesticks holding white tapers completed the setting.

Spiced tea was poured by Mrs. Kenneth Newsom, in the den, where friends of the honoree chatted in informal groups. Miss Margaret Green presided at the guest book, and Miss Natalie McDuff and Mrs. G. E. Boggs assisted with the courtesies.

Seventy guests called between the hours of 3 and 5 p.m.

Busy Bee HD Club Hears Miss Gulley

A nut pick may be used to remove corks, to punch holes in sifting-cans, to untie hard knots, and to clean seams in cooking utensils.

LIVING ROOM shows interesting use of work of contemporary Americans. Note large wood carvings on floor to left of fireplace. This, today, is a favored place to put such a piece if the scale is sufficiently large. Candelabra above this art object is by professional metal sculptor. Other sculpture is placed on coffee table, shelves, wide sill built out beneath windows.

Objects Of Art Can Be Added To Home

By BETTY PEPPIS

This being an age of specialization, it comes as no surprise to find that almost every area of interior decoration has its own professional practitioner. Among the newest of these are those persons who concentrate on doing wall decor.

These specialists select the unrelated art works, frame them properly and then hang them neatly and precisely on the available wall presented by the client. Since these multi - picture arrangements are tremendously popular and take a great deal of skill to put together, services of these wall decorators is in increasing demand.

One New York City artist-turned - agent has carried this concept one step further. Virginia Frankel, initiator of the project, will supply minor or major art objects for coffee tables, mantle tops, window sills, shelves and even the floor, as well as the wall.

Because her "gallery" of arts and crafts is contained in her attractive home, the prospective purchaser may garner some ideas on how to scatter, as well as see, a great assortment of work in an unusual number of techniques.

When referring to walls in particular, Mrs. Frankel says that because these are flat surfaces, objects placed against them give the best effect if they are three dimensional. In her home pictures are often "propped" on a flat surface rather than conventionally "hung."

Among the unusual decorations Mrs. Frankel has hung on walls at one time or another are the following: colorful enamel plaques standing out from linen mountings, paintings made of thread with a crochet needle, in which varying thicknesses of yarn and different types of stitches create a highly textured design; collages done with mimosa (dried) and burlap pasted on Japanese rice paper. Stained glass, ceramic mosaics and sculpture in ceramic, enamel or metal are still other suggestions.

Some of these metal sculptures have a functional quality as well. Correctly designed they can act as extremely decorative cage - like devices to replace the ordinary lighting fixtures. Similarly, some of the ceramic sculptured objects fulfill a secondary function: they work as fountains, as well as adding beauty.

YOUR BABY AND MINE

Sleeping Problem Can Be Traced To Formula

By MYRTLE MEYER ELDRED

Sometimes symptoms give us a clue to what is causing them but not unless the mother provides all the information about a child so that the symptoms become meaningful.

Mrs. P.J. is worrying about the symptoms when their cause seems right before her eyes. She writes, "Dear Mrs. Eldred: My 3 month-old baby is a sleeping problem, but not the ordinary one. Exactly one-half hour after she goes to sleep, she wakes up with gas. Very often she does not go to sleep again. This isn't due to any particular food as it happens after every feeding. Let me add that she gets three burpings after she is fed.

"Most of the time she is awake at least an hour after feeding and the gas does not bother her then. It is only disturbing after she goes to sleep. She wakes like a stopwatch. Is there anything I can do or must I wait 'till she outgrows this?"

ANSWER

Not on your life! You might as well as from the digestive process.

You burp up the gas that comes from the air she swallows during a feeding, but her food goes right on digesting and gas may be one of the results of this process.

WHAT ABOUT BABY?

What makes the problem impossible of solution is that you do not tell me one thing about the baby. How much did she weigh at birth? How much does she weigh now? That would tell me whether or not she was under or overfed. What food does she get—that is, what types of milk, how much and how many times during the day? Does she get any sugar in the milk? What solid foods does she have, what vegetables, when fed and how much of each?

Sleeplessness has a cause, of course, it is only by working in cooperation with your baby that I can hope to pin point what might be causing the discomfort. If you have given the total, I would like to hear from you again with more data relating this to the personality of the baby who suffers from sleeping and feeding problems. In short, I know this is difficult, but just give me no gas can come from anything as clean

Your Expert booklet "The First Six Months" gives detailed instructions about feeding. It may be had by sending 10 cents and a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of this newspaper.

Goodwill HDC Meets With Mrs. T. Sugg

Mrs. Tillman Sugg was hostess to the Goodwill Home Demonstration Club on Friday afternoon of last week at a meeting. The president, Mrs. J. W. Wilson, presided.

A leaflet on consumer education was read by Mrs. Buford Winniger and on nutrition by Mrs. Elmer Branum. Plans were made to carry food for the 4-H Achievement Day and Mrs. Nick Collins, chairman of the heart fund drive turned in contributions to Mrs. Winniger. Mrs. Branum then gave a demonstration on sweet potato dishes.

Refreshments were served to Mrs. E. L. Tarver, Mrs. James Payne, Mrs. Edna Roper, Mrs. Collins, Mrs. J. W. Wilson, Mrs. C. R. Stover, Mrs. Branum, Mrs. Wininzer and two children.

YOUR PROBLEMS

Control Of Baby Sitter Is Advised

By ANN LANDERS

Dear Ann: I've never seen this problem in your column, which is amazing because others MUST have it, too.

What does a person do about growing baby-sitters? I employ three girls and they all love to go through my closets, drawers and cupboards like FBI agents.

I don't know how these girls justify their behavior but they apparently think it's all right to relieve me of half a bottle of expensive Paris perfume, nail polish and remover, use my electric hair-dryer and walk off with whole cards of new bobbypins.

There's never enough milk for my family's breakfast the morning after a sitter has been here. They devour every cookie, every pretzel, potato chip, piece of cheese, cake, or fresh fruit in the house. One girl drank three cokes and ate two cans of imported sardines with half a box of crackers.

Any suggestions will be appreciated.—RANSACKED

Dear Ransacked: Your sitters sound like second-story operators who need to be straightened out. They should be told that the drawers, cosmetics, etc. are personal property and that they're guilty of petty thievery.

Prepare a generous snack for these growing girls and make it plain they are not to free-lance in your refrigerator.

If one warning doesn't solve the problem, get new sitters.

Dear Ann: Our bridge club is in a quandary. Perhaps you can help us. One woman who is a dear person has a husband who retired last year. Whenever the club meets at her house her husband pulls up his chair (usually beside me because I'm not as strong a player as some of the others) and he takes right over. He pulls cards out of my hand, nudges me, says "No—lead with this . . . don't do that—" until I'm a wreck.

How can I let him know that I don't appreciate his kibitzing and that he's ruining the game for everyone?

None of the other husbands come near the bridge table. Thank you in advance.—M.J.L.

Dear M.J.L.: Tell the kibitzer's wife her husband is spoiling the game and suggest that he invite three male friends and have their own game in another room.

Dear Ann: I need help from an adult who understands. My parents are from the old country. They think a girl has no business going to school when she could be out earning money.

I'm 16, a good student, and I want to graduate. They are forcing me to quit and take a beauty course so I can be a hairdresser and make money.

I know if I don't finish school I'll always feel inferior and it will cast a cloud over me for the rest of my life. Please say something in the paper. Maybe they will listen to you.—SAD 16

Dear Sad: Suggest that your parents speak to the school principal. If they refuse, ask the principal to write them a letter. If you can get a letter or two from a teacher it may help.

Enlist the aid of your clergyman and an adult who carries weight with your parents—someone who can explain to them the value of a general secondary education.

You can always go to beauty school and be a hairdresser and you'll be a better one if you finish high school.

CONFIDENTIAL TO SEZ ME: Apparently the last guy in his office sells him. Your only hope is to try to be that last guy.

Dr. Bradshaw Speaks To Crosley PTA

"Education plus religion equal culture," the Crosley P-TA was told by Dr. Hugh E. Bradshaw, pastor of the Memorial Presbyterian Church.

Continuing along the lines of "Culture for Everyone," he commented, "Our culture is a religious culture and is held high in the world today. One of the most serious handicaps in our culture today, is that children do not take education seriously enough. We must always strive to improve upon our culture."

Business for the meeting was under the direction of Mrs. G. C. Bedenbender, first vice-president. The nominating committee reported on their selection of officers for 1960-61.

Presented to the unit for office were: Mrs. W. T. Painich, president; Mrs. D. M. Frantom Jr., first vice president; Mrs. R. C. Joyner, second vice president; Mrs. G. C. Bedenbender, secretary; Harper McKay, treasurer. They were elected unanimously. Elected to attend the state convention were Mrs. W. T. Painich and Mrs. T. C. Cockerham.

The Crosley unit received superior for its publicity book and received a first place in the poster contest at the Fifth District Spring Conference.

After naming McKay's sixth grade winner of room count, the meeting adjourned and refreshments were served.

Labor Paper Editor Asks For Damages

NEW ORLEANS (AP)—William L. Donnels, editor of a labor paper, Friday asked a civil district court to award him $250,000 for damages he said resulted from a libel suit filed against him by Mayor deLesseps Morrison.

Donnels asked for the damages in his answer to a $50,000 libel suit filed in the court by Morrison.

The civil suit was filed for the mayor by his half brother, Jacob Morrison, on March 3. It was in connection with statements attributed to Donnels in the Nov. 1959 issue of The Federationist.

Morrison previously filed an affidavit in the case in criminal district court but he withdrew the charges after opening testimony.

"In light of the fact that Mayor Morrison withdrew from the criminal prosecution of the charges he filed against me before I had an opportunity to produce the evidence we had and to prove my innocence of any wrong doing, I am surprised that he filed this civil action against me," Donnels said.

Morrison's attorneys presented his side of the case in the criminal court proceedings just before the second Democratic primary for governor.

Referring to the criminal case, Donnels said Morrison's charges against him were given wide publicity in the press, radio and television. As a result of this, Donnels said he was damaged.

Donnels said he was "completely exonerated and acquitted of the false charges" brought against him by Morrison.

Donnels said in his answer that the civil suit was malicious, unprovoked and unwarranted. He said it is an attempt to curtail freedom of the press.

Donnels contended that Morrison publicly defamed, slandered and threatened him in television addresses on Jan. 8.

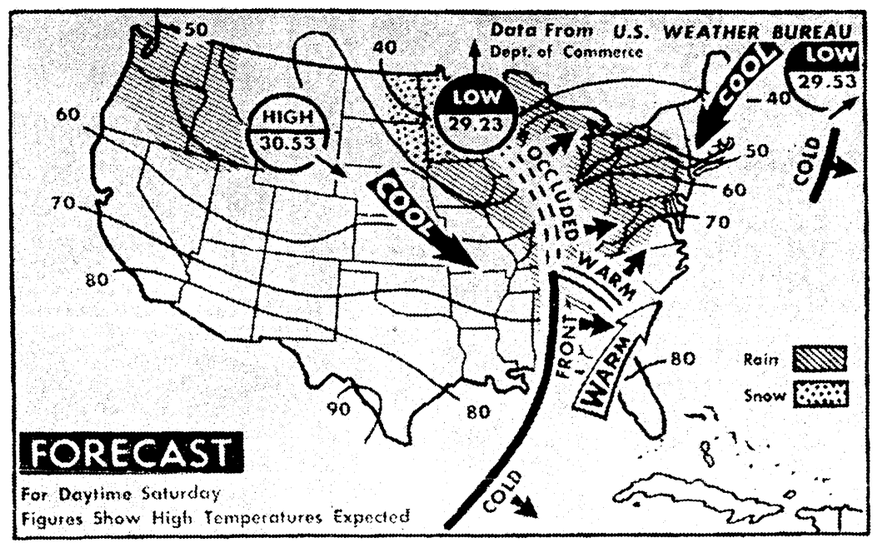
Passman Heads For Inquiry In European Area

WASHINGTON (Special) —Rep. Otto E. Passman (D-La.) took off on another trip Friday, this time headed for Europe to undertake a "confidential" investigation of what he termed "shocking conditions" in the military assistance phase of U. S. foreign aid.

He expressed "disgust" with the situation, but declined to reveal details.

Passman recessed hearings of the House Foreign Operations Appropriations Committee in order to probe conditions in Denmark, Norway, Belgium, the Netherlands and France.

Passman said, "Under the indifferent leadership of this administration, our country's military services have purchased tens of billions of dollars worth of material in excess of their needs."



SCATTERED SHOWERS and light rain is forecast today from the Atlantic Coast to the Ohio Valley and Gulf Coast and from the northern Rockies to the Pacific Northwest. Light rain mixed with snow is predicted in the northern plains and upper Mississippi Valley. The middle Atlantic states and the plains states westward to the Rockies will be warmer. It will be cooler in the Ohio and Tennessee valleys and the area south to the western Gulf. (AP Wirephoto Map)

MANY CASES HANDLED

District Court Is Busy Place

A Southside man was sentenced to four months in jail for theft by check, and a Northsider admitted robbing an elderly man of $130, yesterday in Fourth District Court.

Judge Jesse Heard sentenced Bufford C. Hand, 2306 Lee Ave., to four months in the Ouachita parish jail for theft of $19 from Bayles Curb Market. On March 25, Hand admitted issuing the worthless check, and was remanded for sentencing.

Floyd A. Barnhill, 25, 115 Hudson Lane, pled guilty to simple robbery. He was charged with taking $130 from Fate Thomas, 71, of Rayville on March 29.

Thomas said the offense occurred at 215 Sixth St. Ben E. Drummond, 28, of the Sixth Street address, pled innocent to a charge of simple robbery.

Heard appointed an attorney to represent Drummond, and set his trial for May 19.

PLEA

Marshall Rose, 27, 515 Eighth St., Monett, Missouri, pled innocent to a charge of theft of articles valued at $101.53, from Standard Parts and Browns Esso Service.

His trial is slated for May 6.

Fifteen were charged with driving while under the influence of intoxicating alcoholic beverages.

Five pled guilty, two were tried and found guilty, two forfeited bond when they failed to appear in court, and six pled innocent.

Claudzell Sisson, 24, 907 Alabama St., and Henry W. Borsch, 51, 303 Azalea Dr., were tried, found guilty and fined $300 each or 60 days in jail.

Both were found guilty of driving without a license. Sisson drew a $25 fine or 10 days, while Borsch, whose license had been revoked, was fined $25 or 15 days.

Pleading guilty, and fined $300 or 60 days each were: Leroy Townsend, 51, Route 2, Box 143, Eros; Mason A. Neathery, 26, 210 Middlelanding, Minden; Bobby Lee Hobbs, 30, 203 Clayton St., West Monroe; H. V. Hollis, 32, 1206 Bennie Breece, West Monroe, and Henry B. Walker, 41, P. O. Box 188, Rayville.

Clifford Ray Stansbury, 32, 603 S. Oak St., Rayville, and Nathan C. Roberts, 48, 319 Washington St., West Monroe, each charged as second offenders, failed to appear for trial and forfeited bond.

SLATED

Stansbury also was slated for trial on charges of disturbing the peace and driving after his driver's license was reoked. Roberts also was charged with driving without a license.

Six pled innocent: James Chadick Jr., 19, Box 500, Grady, Ark., trial June 10; Robert N. Dalton, 28, Box 503, Newellton, trial June 24; John L. Donaldson, 32, Route 2, Box 432A, Smith Road, West Monroe, also charged with reckless driving, trial June 10; Bud McGee, 33, 908 Ransom St., West Monroe, trial June 10; Elbert Webber, 34, Negro, Route 4, Box 101 A, Monroe, trial May 13; and George E. Clingen, 31, 10606 Palestine St., Houston, Tex., trial June 10.

Judge Heard took under advisement a motion to quash a murder indictment against Fred Caldwell Calhoun.

Calhoun, 41, is charged with shooting his estranged wife, Mrs. Viola Windham Calhoun, Route 1, Calhoun on Nov. 23.

His attorney maintains that the indictment was drawn up improperly.

Heard will decide on the motion on April 13. If he decides against the motion, Calhoun will be re-arraigned at that time.

Three Arcadia Negroes were sentenced to pay fines totalling $275. Johnnie Cage, 36, Box 427, and Clem Calloway, 28, General Delivery, were each fined $100 or 30 days for illegal carrying of a weapon. They were fined $25 or 10 days each for disturbing the peace. Pete Curry, 42, General Delivery drew a $25 fine or 10 days for disturbing the peace.

Reckless driving charges resulted in fines of $25 or 10 days each for Leonard Franklin Jr., Negro, 32, 3572 K St., San Diego, Calif., Farris Newton Moore, 38, Route 2, Box 94, Delhi, Leonard Albert Vesay, 26, 124 Broadway St., Bossier City, Thelton Woods, 48, Negro, 1903 Cypress St., West Monroe, $25 or 15 days.

Woods also was tried, found guilty of failure to post bond, and fined $25 or 15 days.

Ernest Long, 42, Negro, 4104 Gaston St., was tried and found innocent of a charge or reckless driving.

Annette W. Hicks, 17, 303 Conella St., West Monroe, had bond forfeiture set aside, and is slated for trial on June 10 on a charge of driving with an improper muffler.

Calvin Brock, 38, Route 3, Dubach, changed his plea to guilty and was fined $25 or 10 days on each of two charges: driving without a chauffeur's license and failure to post bond.

W. T. Olivo, 19, Route 1, Box 226, was tried and found innocent of simple obstruction of a highway.

Charges of disturbing the peace drew fines of $25 or 10 days each from Lawson Bradford, 43, Negro, Route 2, Box 216 B; William C. Monk, 24, 709 Wood St.; and Gordie Pauline Zeigler, 40, 215 N. Eighth St.

John Lee Caldwell, 43, Negro, 128 N. Cherry St., West Monroe and James Thomas Hulsey, 24, Route 3, Rayville, each were fined $25 or 10 days for driving without a license.

Charges were dismissed against: Asbey Amos, charged with driving with switched license plates; Willie Dunn, 28, Negro, charged with simple obstruction of a highway, but now serving one year at the state penitentiary for attempted manslaughter; and Francis J. Mundo, deceased, previously charged with driving under the influence of intoxicating alcoholic beverages.

Analysts View 'Mixed' Market

NEW YORK (AP) — What's the outlook for the stock market in the second quarter which got underway Friday?

Well—as they say about stock prices when there are ups and downs — it's "mixed," in the opinion of analysts.

The quarter just ended saw the market hit a new peak at the start of January on highly optimistic predictions about the "soaring Sixties."

Then stocks went into a nose dive. They rallied and recovered about one-third of the loss. Then they started milling around and are still at it.

"It doesn't look like we are going to have any big break or big rise," said Eldon A. Grimm of Walston & Co.

"We'll probably have continued backing and filling until the market makes up its mind how business and politics are going to be before the end of the year. The leadership probably will be in special issues.

"But, as a whole, pessimism has been overdone. The outlook isn't anything to worry about. Maybe something good will happen and we'll get a pretty good spring rise."

Lester Wyetzner of Bache & Co., said he doesn't see anything "extraordinarily bullish" in the picture.

"There are no indications that we have definitely hit bottom," he added. "The rally in March was technical in nature and indicated a base has not been built in sufficient strength for a strong upward move.

"There is an excellent chance that the market will test the lows set early in March and a good chance it will go below them before we find substantial buying support."

Martin Gilbert of Van Alstyne, Noel & Co. is considerably more optimistic. He called the first quarter a good one for business and thinks the second quarter won't be as bad as predicted.

"The market will reflect it," he said. 'I think the bear market will be short-lived and that we will be back in a roaring bull market."

Winslow, Cohu & Stetson sees dullness and indecision the current order of the day on the market as traders try to decide whether the next 20 points in the Dow Jones industrial average will be up or down, and investors weigh disappointing developments in the automobile and steel industries against expectations of glowing first-quarter earnings reports.

"Technically," said the investment firm, "the industrial averages have been making a 'flag' whose signifcance is that a close above 624 on the industrial average during the next few days would bring a sharp resumption of the rally, while a break below 616 would bring a quick test of the March lows."

SIX-YEAR-OLD Mike Tice of La Canada, Calif., has the help of firemen and deputy sheriffs, but he's still pretty scared as they attempt to release his hand from a vending machine where it was trapped while he was visiting at La Puente, Calif. Mike decided on a direct approach when his dime didn't bring the promised bag of peanuts. He was released an hour and 20 minutes later, after firemen first tried soap and then cut the machine to pieces with metal cutters. Mike was not hurt. (AP Wirephoto)

BUSINESS HIGHLIGHTS

By United Press International

SEES ADVERSE EFFECT

The President of Marquardt Corp. said Friday that government cutbacks in the Bomarc missile program would have a substantial adverse efffect on the ccompany's sales and earnings in 1962.

Although he forecast a "modest" increase in sales and earnings this year, the Marquardt president said in the annual report. The cutbacks could also effect the company's record in 1960 and 1961 if previously approved funds were cancelled or stretched out.

CUT STEEL PRODUCTION

United States Steel Corp. said it would cut back steel production at its South Works in Chicago by 20 per cent this weekend as a result of a lack of business. Operations at the company's major steel making unit had been running at 96 per cent of capacity all winter but will be trimmed to 76.9 per cent of capacity.

CAR PRODUCTION INCREASES

Passenger car production will increase about 10 per cent this week as output returns to normal at most assembly plants, according to Ward's Automotive Reports. At the same time, General Motors Corp. said that March output marked the third consecutive month production exceeded the 1959 figure; American Motors Corp. said it shattered all-time monthly and quarterly records in the January-March period and Chrysler Corp. reported the best quarterly output record since mid-1957.

OIL PRORGAMS AGGRAVATED

The Federal Reserve Bank of Dallas said the oil industry's inventory problems were only aggravated this winter rather than improved threatening another period of "painful adjustment." Surpluses of refined products appear to dim prospects for an early rise in Texas allowables, the bank said.

APPROVE PURCHASE

OAKLAND, Calif. (UPI)—NAFI Corp. announced its stockholders have approved the proposed $40 million purchase of Chriscraft Corp. NAFI will sell 200,000 shares of common this spring to help finance the purchase, the announcement added.

PRODUCES NEW CAR

TOLEDO, Ohio (UPI) — Willys Motors, Inc. announced its Argentine affiliate company will produce a medium sized car with a jeep chassis and an Alfa Romeo frame. Willys said it does not expect to import the "Bergantin" into the U.S.

LICENSES FINNISH FIRM

NEW YORK (UPI) — P Lorillard Co. has licensed Ph U Strengberg, Finland's largest cigarete manufacturer, to start producing "Kents" for the Finnish market in the first week of May, it was announced Friday.

COTTON

NEW YORK COTTON

NEW YORK (AP)—Cotton futures were irregular today.

Nearby July was the strongest month on buying credited to commission houses. Some quarters attributed the demand to the possibility that the 1960 crop will be late. Nearby July is the last 1959 trading month

Late afternoon prices were 60 cents a bale higher to 5 cents lower than the previous close. May 32.93, July 32.72 and Oct. 30.72.

Futures closed 50 cents a bale higher to 50 cents lower than the previous close.

Mart Trade Simmers To Slow Pace

NEW YORK (AP)—Stock market trading simmered down to the slowest pace this week as prices moved unevenly late yesterday afternoon.

Volume for the day was estimated at 2,100,000 shares compared with 2,690,000 Thursday.

Pivotall stocks showed narrow gains or losses with few exceptions.

The electronics and other "glamour" stocks which took such a beating Thursday were mixed. Polaroid extended its 1434-point loss of Thursday by about 4 points. Zenith, Philco and Motorola advanced more than a point each.

No outstanding group leadership was shown.

Steels did very little. U.S. Steel was off a fraction. A slightly higher trend prevailed among motors. Ford, American Motors and General Motors added fractions.

Among small gainers were Standard Oil (New Jersey), Liggett & Myers, Westinghouse Electric, Radio Corp., International Paper, Anaconda and Phelps Dodge.

Off a bit were Kennecott, Southern California Edison, Baltimore & Ohio, Royal Dutch and Johns-Manville.

U.S. government bonds were mixed; corporates declined.

Butcher Hog Market Loses In Some Spots

CHICAGO (AP) — The butcher hog market lost as much as 75 cents a hundredweight in spots Friday.

The practical top was $16.50 although one small lot sold at $16.60, off 40 cents from Thursday's peak. Most No. 1, mixed 1-2 and mixed 1-3 grades went at $16.15-16.50 and heavier weights down to $15.50. Sows topped at $14.25.

No sales of slaughter steers and heifers were reported.

A few choice vealers moved at $32.00 and some utility and commercial bulls at $19.00-21.00.

A few good wooled slaughter lambs brought $21.00 but the sheep market generally was not tested by the light supply. Ewes were $7.00-8.50 and steady.

Wilson Seeks Ouachita Help For Judgeship

BASTROP (Special) — Rep. Woodrow Wilson of Bastrop said yesterday he is seeking the support of the Ouachita Parish legislative delegation for a bill creating a third judgeship.

The bill would give the Fourth Judicial District a third judge, who would be elected specifically from Morehouse Parish. At present, two judges serve Ouachita and Morehouse parishes.

"I would like for all of us to work together on it," Wilson, an attorney, said, referring to the Ouachita delegation.

He explained that the bill was the result of a recommendation by the Fourth District Bar Association, which last Tuesday night went on record endorsing the third judgeship.

With the Legislature opening in May, Wilson plans to introduce the legislation then. The third judge would earn a salary equal to the present judges, which would be $14,500 annually.

A crowded docket is the reason for a third judgeship, attorneys have explained, while the third judge would sit on the bench in Morehouse, helping out occasionally in Ouachita.

At present, Judge Jesse L. Heard and Judge David I. Garrett serve both Ouachita and Morehouse.

In Monroe yesterday, Rep. Lawrence Gibbs said he would support the third judgeship measure.

Soybeans Hit Highest Level In Some Weeks

CHICAGO (AP) — The fourth gain this week in soybean futures lifted that commodity Friday to its highest levels in several weeks. All old crop months were up major fractions to more than a cent.

The grains were steady to firm with corn the only laggard on losses of minimum fractions although the September delivery again was at a new high for the season before meeting light resistance.

Wheat futures closed ⅝-⅞ cent a bushel higher, May $2.08¼-⅜; corn unchanged to ¼ lower, May $1.19¼; oats unchanged to ⅝ higher, May 74½; rye ⅝-1¼ higher, May $1.20⅜-¼; soybeans ⅜-1¼ higher, May $2.18¼-⅛.

Child Fatally Shoots Self With Pistol

SEMINARY, Miss. (AP)—The [illegible] killed Friday when she took her father's .22-caliber pistol out of the glove compartment of the family car and accidentally discharged the weapon.

The bullet pierced her heart, and she died shortly after reaching a hospital.

The mother, Mrs. Harrison Crosby of Seminary, had driven downtown with Margaret and a brother, Steve, about 4 years old. Mrs. Crosby went into a grocery, leaving the children in the car. The glove compartment was unlocked. When the mother returned she found the child wounded.

Margaret would have been 9 on April 27. She was the youngest of 10 children—seven boys and three girls. Funeral services will be held tomorrow.

PUFF OF LOOT

COURTRAI, Belgium (UPI)—Andre Houtiekier was pleased when a stranger in a cafe offered him a cigar. It was Houtiekier's own expensive brand.

Feeling that all was well with the world Houtiesier walked the few blocks to his home only to discover that the place had been burglarized. Among the items missing was his humidor of cigars.

SO THERE!

COLUMBIA, S. C. (UPI)—Dr. Julian Salley, irked by his wife bragging about the hole-in-one she carded on the eight hole of the Forest Lake golf course last week, went out this week and shot a hole-in-one on the same green.
